

## WINE AND CIDER MAKING IN HOMES OF CITIZENS

## CONG. HILL

CASE DECIDED  
IN MARYLAND

CLAIMS SUCH BEVERAGES CAN  
BE LEGALLY MADE IF OF OR-  
DINARY ALCOHOLIC CONTENT

HILL FOUND NOT GUILTY OF HAV-  
ING INTOXICANTS AND OF  
CREATING NUISANCE

(By United Press)  
Baltimore, Md., Nov. 13.—Manu-  
facture of wines and cider of ordi-  
nary alcoholic content in private  
homes is permissible, a jury in Uni-  
ted States district court here decided  
today.

The jury dismissed all the counts  
of the indictment against Represen-  
tative John Phillip Hill of Maryland,  
who had been charged with unlawful  
manufacture of 11.64 per cent wine  
and 2.7 per cent cider in his home.

Hill provoked the trial to test the  
power of the Volstead Act over home  
brewing.

The jury reported to Judge Morris  
Soper after 20 hours deliberation that  
it had found Hill, the defendant, not  
guilty on each of the six counts in  
the indictment found against him.

The counts of the indictment had  
charged Hill specifically with the  
manufacture and possession of intoxi-  
cants and with creating a common  
nuisance by having intoxicants in  
his home.

The exact wording of the dismissal  
was:

"We, the jury, find the defendant  
not guilty of the matter of which he  
stands indicted."

The jury was composed of a groc-  
er, a coal dealer, two insurance men,  
a clerk, a printer, a produce broker,  
an engineer and three business ex-  
ecutives. Robert H. Stevens, a commis-  
sion merchant, was foreman of the  
jury. Judge Soper, in charging the  
jury, told them that their verdict  
must be considered as passing upon  
the question of whether the bever-  
ages manufactured by Hill were in-  
toxicating. He said the issue of in-  
toxication must be decided on whether  
or not a "practical amount" con-  
sumed by any man would produce  
drunkenness.

Hill, who has long been opposed  
to prohibition laws, shouted with  
glee when the verdict was read.

"Well, boys, you can make all the  
wine you want now," he said.

"I always did have faith in the  
common sense of these Maryland  
juries."

HOME BREWING  
PROSECUTED JUST THE SAME

Washington, Nov. 13.—The Fed-  
eral prohibition enforcement authori-  
ties will prosecute all cases of home  
brewing as strictly as before the Hill  
case, Judge James J. Britt, general  
counsel of the prohibition unit, de-  
clared here today.

"We have read the decision in the  
Hill case," said Britt, "and we pro-  
pose to go right ahead with prosecu-  
tion in similar cases."

WILL NOT APPEAL  
FROM SOPER RULING

Washington, Nov. 13.—The Fed-  
eral government will not appeal from  
the Soper ruling holding home manu-  
facture of cider and fruit juices in  
excess of one-half of one per cent al-  
coholic content to be permitted by the  
Volstead Act, Attorney-General  
Stone said today.

W. C. T. U. CALLS  
EXECUTIVE MEETING

Chicago, Nov. 13.—An execu-  
tive meeting of the board of directors  
of the W. C. T. U. in convention here  
was hurriedly called today when of-  
ficers were informed by the United  
Press of the jury's verdict in the Hill  
case.

"This is a serious matter," Mrs.  
Ella A. Boole, national vice-presi-  
dent, declared. "We will take some  
kind of action."

VOLSTEAD SAYS WHOLE  
CASE IS JUST POLITICS

Granite Falls, Minn., Nov. 13. —  
"Representative Hill is a politician  
and this whole case is politics, pure  
and simple," Andrew J. Volstead,

## 'Inside Stuff' of the Versailles 'Peace' Parley

PLEADS GUILTY  
TO POISONING  
SIXTH HUSBAND

(By United Press)  
Mt. Gilead, O., Nov. 13.—Mrs.  
Annora Yeoman, accused of first  
degree murder for poisoning her  
sixth husband, entered a plea of  
guilty as the trial drew to a close  
here today.

Judge Charles Wood announced  
he would pass sentence this after-  
noon.

SENTENCED TO THE  
REFORMATORY FOR WOMEN

Mt. Gilead, O., Nov. 13.—Mrs.  
Annora Yeoman, who brought her first  
degree murder charge to an abrupt  
end today by entering a plea of guilty  
to manslaughter, was sentenced by  
Judge Charles Wood to serve a mini-  
mum of 10 years in Marysville re-  
formatory for women.

Mrs. Yeoman signed a confession to  
the poisoning of her sixth husband,  
Louis Yeoman.

WHEAT PRICES  
HIT HIGHEST  
MARKS OF SEASONCANADIAN CROP REPORTED 20-  
000,000 BUSHELS  
SHORTCORN AND OATS MAKE A SYM-  
PATHETIC AD-  
VANCE

(By United Press)  
Chicago, Nov. 13.—Wheat prices  
hit the highest marks for the season  
on the Chicago Board of Trade today.  
All quarters in the trading were  
rushing to buy because of the Cana-  
dian crop estimate indicating a  
yield of 20,000,000 bushels less than  
previously expected.

December wheat was sold at \$1-  
55½, 2½ above yesterday's close.  
May delivery reached \$1.62½, which  
was 2½ cents above yesterday's fig-  
ure. July sold at \$1.41½, up 2  
cents.

Corn and oats prices scored big ad-  
vances in line with wheat.

HEAVY BUYING  
IS CONTINUING

Chicago, Nov. 13.—Heavy buying  
in the wheat and corn pits on the  
Chicago Board of Trade today sent  
prices soaring to new high levels for  
1924.

Induced by a Canadian report  
which indicated a lower yield than  
anticipated, May wheat sold at \$1.63  
a bushel just before the close of to-  
day's business.

May corn at \$1.20 a bushel and  
July delivery at \$1.21 also touched  
new high levels on the close.

Profit-taking sales at the close re-  
duced the figures from the high lev-  
els but all grains were holding high-  
er figures than yesterday.

"father" of the prohibition law, said  
here today.

"It was the purpose of this case to  
make the prohibition law appear ridi-  
culous," said Volstead.

"I don't think it was the intention  
of the drafters of the so-called Vol-  
stead Act to limit home made fruit  
juices to the standard of one-half of  
one per cent of alcohol. It was the  
purpose of the committee to abolish  
commercialized liquor traffic. We  
did not think that many families  
would abuse the privilege of making  
and using fruit juices in the home.

"The law does, however, specifi-  
cally prohibit the manufacture of wine  
and in my judgment it would be im-  
possible to produce a fruit juice with  
11.69 per cent of alcohol without  
adding sugar to the juice, and that  
would make it wine. As I under-  
stand this case it was the intention  
to make wine, and the legal aspects  
of the case would recognize the in-  
tent.

"It appears to me this is an effort  
to have a construction placed on the  
language of the act by the courts,"  
Volstead expressed disappointment  
that the case will not be repealed.

RUSH FOR FAME  
AT HOLLYWOOD  
NOW IN VOGUEAMATEURS FLOCK LIKE MOTHS  
AROUND A  
CANDLECOLLEEN MOORE GETS DEATH OF  
COLD BY EXPOSING  
EARS

(By United Press)  
Hollywood, Nov. 13.—The fall  
crops are being harvested throughout  
Rural America. The fall rush of  
sleek-haired, would-be husbandmen  
and bobbed-tressed farmerettes, hop-  
ing for rich pickings in Hollywood  
is in full swing. All of them are  
praying for a plentiful yield of fame  
and funds. Most of them are doom-  
ed to painful disillusionment.

Throughout the year there is a  
steady stream of aspirants to cinema  
fortune pouring into Hollywood, but  
in the spring and again in the fall is  
this flow the strongest.

True, cameras are clicking merrily  
in most of the studios with produc-  
tion programs showing little sign of  
the usual slack season in the closing  
months of the year. But the host of  
those who would gain renown before  
the sputtering arcs is constantly in-  
creasing.

Each time some hitherto unknown  
is signed for a stellar part, the wave  
of those seeking similar opportunities  
well-nigh breaks down the studio  
gates. It is conservatively estimated  
that if all the pretty girls who hock-  
eys their rings and bought tickets for  
Hollywood when they read of the  
good fortune of Betty Bronson, a no-  
body in filmland, being selected for  
the title role in "Peter Pan," were  
back washing dishes in their home  
kitchens, half the mothers in the na-  
tion could go out and join Mah-Jong  
clubs or attend all the matinees.

"Read 'Merton of the Movies' and  
then bear in mind that not all young  
men have the luck that Merton did,"  
is the advice of William De Mille,  
noted Paramount producer, and the  
words are blown right back into his  
mouth by the rush of newcomers.

## Director Takes Chance

"The amateur actor who comes to  
Hollywood usually thinks he is tak-  
ing a great risk in spending a hun-  
dred dollars or more for railroad fare,"  
de Mille continues undismayed.

"But the director who engages him  
is taking a greater chance, because  
hundreds of thousands of dollars are  
involved in every film production.

"The producer usually selects play-  
ers whose work he knows. Every  
hour costs money and the director  
who is compelled to spend time teach-  
ing the amateur how to act is load-  
ing himself with a tremendous ex-  
pense, and even then he is never cer-  
tain that the work of the amateur  
will be satisfactory."

"The actor who knows his busi-  
ness, who has mastered the art of  
acting and make-up, costs less money  
to the production than the inexperi-  
enced youth whose every appearance  
before the camera means a waste of  
time and film," in de Mille's opinion.

"I have given several young men  
a chance to play quite important  
parts in my productions and the re-  
sult has usually been that we have  
all regretted it. They were not  
ready for the parts and felt discour-  
aged, and I had spent thousands of  
dollars for nothing."

"The worst thing that can happen  
to a novice is to have a big oppor-  
tunity before he is ready for it. A  
part that is too small for him is bet-  
ter than one that is too big. He  
will grow in the first and fall in the  
second.

"Some young men have come to the  
studios ready to do anything. This  
is a dangerous method of entrance  
unless the amateur actor has that  
rare spark of ambition which will  
not allow him to be diverted from his  
aim. Using another job as the step-  
ping-stone to the next one is usually  
very fine, but it generally results in  
the young man being permanently  
sidetracked into something else.

BUTLER SUCCEEDS  
LODGE AS SENATOR  
OF MASSACHUSETTS

(By United Press)  
Boston, Mass., Nov. 13.—William  
M. Butler, of New Bedford, who  
was President Coolidge's cam-  
paign manager, was appointed by  
Governor Cox today to succeed the  
late Henry Cabot Lodge as sen-  
ior United States senator from Mas-  
sachusetts.

CHARGE PLOT  
AGAINST NEWS  
PAPER MAN4 LEADING CITIZENS OF ROCK IS-  
LAND UNDER ARREST  
TODAYIN CONNECTION WITH MURDER  
OF JOHN LOONEY, IN VICE  
WAR

(By United Press)  
Rock Island, Ill., Nov. 13.—Four  
leading citizens of Rock Island are  
under arrest today in connection with  
the murder of John Looney, son of  
the former owner of the Rock Island  
News, in a vice war.

They will be given a hearing Mon-  
day.

Jacob Ramser, jeweler, is charged  
with firing the shot that killed young  
Looney on October 6, 1922, as the  
culmination of a local feud in which  
nine persons were killed.

John Potter, publisher of the Rock  
Island Argus, John Colligan, his  
managing editor, and Thomas Har-  
gue, department store proprietor, and  
former chairman of the republican  
county committee, are charged with  
conspiracy to murder in connection  
with the killing. The accused men  
are charged with participation in a  
plot of 13 persons, including the  
mayor and chief of police, to "re-  
move" the father of the slain man  
from the city in order to end the  
power he is alleged to have held over  
one faction engaged in the vice war.  
The murder of his son was part of  
the plot, it is charged.

SENATOR BORAH'S  
STATEMENT ON  
NEW SESSIONSAYS SPECIAL ONE SHOULD BE  
CALLED RIGHT AFTER  
MARCH 4TO TAKE UP PRESSING LEGISLA-  
TION ON FARM RELIEF,  
ETC.

(By United Press)  
Washington, Nov. 13.—President  
Coolidge should call a special session  
of the new Congress immediately af-  
ter March 4 to take up pressing leg-  
islation, Senator Borah declared at  
the White House today after a con-  
ference with the president.

Borah, however, said he had not  
asked the president to call the ses-  
sion but declined to indicate what  
had been the exact nature of his  
conference. He said the special ses-  
sion should be called to consider  
problems of agricultural relief, rail-  
way and world court legislation.

"This coming short session will do  
well if it gets the appropriation bills  
passed," the Idaho senator remarked.

FILE SUITS AGAINST  
NEWSPAPERS PRINTING  
INCOME TAX RETURNS

Washington, Nov. 13.—The news-  
papers against which the government  
will file suit for publishing income  
tax payments have been selected, At-  
torney-General Stone indicated today  
after a conference with President  
Coolidge at the White House.

Stone said the suits will be filed  
"soon."

U. S. CASH GIVEN  
FOR GERMAN  
CREDIT SYSTEMFINANCING OF THE NEW GER-  
MANY INVOLVES TANGLED  
SITUATIONU. S. OFFICIALS BELIEVE GER-  
MANY WILL  
WIN

By CHARLES McCABE  
(United Press Staff Correspondent)

Washington, Nov. 13.—The United  
States, though providing 55 percent  
of the \$200,000,000 allied loan to  
Germany, will benefit the least, a  
high government official said today.

This country, the official said, must  
content itself with the investment  
and trade profits, while the reparations  
receiving nations will be the  
real beneficiaries.

"The \$110,000,000 which America  
eagerly provided for Germany," the  
observer said, "will not, of course,  
leave the country. Its purpose is to  
establish a gold exchange credit for  
the new German Government bank—  
the Gold Bank of Issue. The Gold  
Bank, in turn, though branch banks,  
will apportion this credit to the  
manufacturers.

"The German manufacturers,  
starving for credit, will immediately  
use it to purchase raw materials and  
foodstuffs in this country.

"The bulk of the manufactured  
products, made chiefly from basic  
materials bought here by means of  
credit provided in the United States,  
will go to the reparations receiving  
countries as payments in kind. Event-  
ually the entire amount of the  
loan will be transferred in this man-  
ner."

## Large Credits Granted

The official said that already  
private banking interests here,  
heartened by the ready response to  
the Dawes loan and the bright pros-  
pects for Germany, have established  
direct connections with German man-  
ufacturers and given them small  
credits. They are dealing in money,  
a plentiful commodity here, it was  
pointed out, and are willing to  
gamble on Germany's future for their  
profit.

Among the largest credits of this  
nature reported are those to the Kail  
Syndicate, which supplies a major  
portion of the American demand for  
potash fertilizers; The Badische An-  
ilin and Soda Fabrik, a regular ex-  
porter of dyes and drugs to the Uni-  
ted States, and a group of textile mills  
which consume large quantities of  
American cotton.

The bankers, who financed the  
loan in this country, have already re-  
ceived their profit, the official said.  
He estimated the cost of the issue to  
the bankers at 87 percent of par,  
while it sold to the public, who  
thereby assumed the risk, at 92.

All transactions having to do with  
the granting of credit against the  
loan will be passed upon by the  
Agent General for Reparations, S.  
Parker Gilbert, an American and  
former Under Secretary of the  
Treasury.

Success or failure of Germany "to  
get back on her feet" the official said,  
depends largely on the administra-  
tion of the loan credit. It must be  
handled in such a manner as to keep  
the German mark at par in foreign  
exchange markets. Meanwhile, in  
the year's moratorium from repara-  
tions payments, the German govern-  
ment must balance its budget and  
apportion taxes on a sound basis.

## Official Optimistic

The official was optimistic over  
Germany's ability to "come through"  
Within the past few months, he said,  
the government accumulated a sur-  
plus which was sufficient to retire  
certain short term obligations.

Plans for German reconstruction  
are based on a new theory brought  
about through the demand for econ-  
omy in the use of gold.

"The establishment of German  
credits through the recent loan," the  
official said, "amounts to putting the  
currency of Germany on a gold ex-  
change basis, instead of the custom-

FRENCH BATTLE  
FIELDS SHELLS  
USED IN SPAIN

(By United Press)

Soissons, France, Nov. 13.—The  
battle fields of France are giving  
up their unexploded ammunition  
to the cause of revolution in  
Spain. Arms, shells and grenades  
left behind when the Allies and  
the Germans quit the fields, are  
being gathered up and sold to  
Spanish plotters against the king  
and directorate.

An extensive plot was discov-  
ered today at Soissons. The fields  
across which the Americans fought  
in the summer of 1918 are being  
cleared and great quantities of  
ammunition obtained.

VAIN SEARCH  
FOR MURDERER  
OF RICH JEWELERDEATH OF HARRY I. KATZ, LOS  
ANGELES, CONTINUES UN-  
SOLVED MYSTERYEVERY POSSIBLE ANGLE OF THE  
DEAD MAN'S PAST BEING  
SIFTED

(By United Press)  
Los Angeles, Calif., Nov. 13.—The  
murder of Harry I. Katz, jeweler,  
diamond broker and man of many  
friends but few intimates, today ap-  
proached the list of unsolved mys-  
teries as clues by which it had been  
hoped to apprehend the slayer proved  
fruitless.

With the release of Hal Hall, lat-  
est suspect, to be arrested, detectives  
admitted they have little left to work  
on. Every possible angle of Katz's  
life has been sifted and the murderer  
still is unknown.

MAY ARREST TWO  
CHARGED WITH EXTORTION

Los Angeles, Nov. 13.—Police this  
afternoon said they momentarily ex-  
pected the arrests of a man and wo-  
man, known as "Stan the Bouncer"  
and "Rose the Wop," in connection  
with the murder of Harry I. Katz,  
Los Angeles club man and musician.

The couple, police declare are  
known to have extorted large sums  
from Katz through blackmail.

Reports said that the couple had  
fled toward the Mexican border, but  
detectives said they believed they  
were in hiding in Los Angeles.

ary gold reserve. The German Bank  
of Issue now has the option of giving  
a draft on a foreign bank, where  
credit has been set up, or paying in  
gold, which, of course, she cannot do.

"Under this method you don't keep  
the gold locked up in vaults where  
it doesn't work; but instead it can  
be invested in interest bearing  
securities, such as treasury notes,  
etc.

## Question of Taxes

"The big question," the observer  
said, "is whether the German taxes  
in marks can be converted into gold  
exchange values, represented in dol-  
lars and pounds sterling, without  
seriously disturbing the foreign ex-  
change markets for marks.

"To accomplish this, Germany  
must export more of her goods and  
services than she imports—the excess  
to go toward the payment of repara-  
tions. The importation of the large  
amounts of raw materials she needs  
will put such pressure on the mark  
that only careful judgment in the  
apportionment of credits against the  
loan will enable her to keep the mark  
at par in foreign markets.

"It is a big burden, but there is  
reason to believe Germany will be  
able to carry it. Since Spring she  
has been able to balance her budget  
and has accumulated a small surplus  
which was used to buy up emergency  
bonds floated for government financ-  
ing."

FORMER EDITOR  
LONDON TIMES

LIAR BY FRENCHMAN

(By United Press)  
London, Nov. 13.—Woodrow Wil-  
son separated Lloyd George and  
Georges Clemenceau when the Brit-  
ish prime minister had the French  
premier by the collar and was de-  
manding an apology for being called  
a liar, Wickham, former editor of  
the London Times, discloses in his  
book "Through Thirty Years," pub-  
lished today.

The row occurred during the Ver-  
sailles peace conference and led to  
Clemenceau's challenging Lloyd  
George to a duel, it is said.

The book, purporting to give what  
is known in American slang as "in-  
side stuff," is certain to cause a sen-  
sation.

"Clemenceau flatly charged Lloyd  
George with repeated inaccuracies,"  
the editor says describing the in-  
cident referred to. "Lloyd George rose  
and seized Clemenceau by the collar,  
demanding an apology.

"Woodrow Wilson separated them.  
Then Clemenceau offered Lloyd  
George reparation with pistols or  
swords—as soon as the British prime  
minister had resided in France long  
enough to acquire a domicile—and  
meanwhile 'The Tiger' refused to  
apologize."

STOCK EXCHANGE  
BUSINESS OF  
HUGE VOLUMENEW YORK CURB MARKET ALSO  
REFLECTS OPTIMISTIC  
TONEANOTHER 2,000,000 SHARE DAY  
IS INDICATED

(By United Press)  
New York, Nov. 13.—Business con-  
tinued in huge volume on the Stock  
Exchange and the Curb Market to-  
day, the eighth business day of the  
big boom which followed President  
Coolidge's victory in the presidential  
election.

A total of more than 1,700,000  
shares had been dealt in on the Stock  
Exchange shortly after 2 p. m., which  
traders considered remarkable in  
face of heavy profit-taking and the  
long continuation of the bull market.

The day was only slightly less  
than the hectic time yesterday, when  
more than 2,000,000 shares had been  
traded in at the same hour.

Another 2,000,000-share day was  
indicated before the close.

The trading in bonds amounted to  
\$10,725,000 at 2 p. m.

Many special issues surged to new  
high ground. American Can reached  
\$1.53½ and Cast Iron Pipe \$1.47,  
the highest point in its history and  
more than 20 points up from Tues-  
day's close.

MRS. HARDING  
TAKES TURN FOR  
WORSE TODAY

(By United Press)  
Marion, O., Nov. 13.—The condi-  
tion of Mrs. Warren G. Harding took  
a turn for the worse today after a  
restless and painful night, according  
to Dr. Carl E. Sawyer's 11 a. m. bul-  
letin.

"Mrs. Harding had a very restless  
and painful night and is not so well  
this morning," the bulletin said.

## WINE AND CIDER MAKING IN HOMES OF CITIZENS

### CONG. HILL CASE DECIDED IN MARYLAND

CLAIMS SUCH BEVERAGES CAN  
BE LEGALLY MADE IF OF OR-  
DINARY ALCOHOLIC CONTENT

HILL FOUND NOT GUILTY OF HAV-  
ING INTOXICANTS AND OF  
CREATING NUISANCE

(By United Press)  
Baltimore, Md., Nov. 13.—Manu-  
facture of wines and cider of ordi-  
nary alcoholic content in private  
homes is permissible, a jury in Uni-  
ted States district court here decided  
today.

The jury dismissed all the counts  
of the indictment against Represen-  
tative John Phillip Hill of Maryland,  
who had been charged with unlawful  
manufacture of 11.64 per cent wine  
and 2.7 per cent cider in his home.

Hill provoked the trial to test the  
power of the Volstead Act over home  
brewing.

The jury reported to Judge Morris  
Soper after 20 hours deliberation that  
it had found Hill, the defendant, not  
guilty on each of the six counts in the  
indictment found against him.

The counts of the indictment had  
charged Hill specifically with the  
manufacture and possession of intoxi-  
cants and with creating a common  
nuisance by having intoxicants in  
his home.

The exact wording of the dismissal  
was:

"We, the jury, find the defendant  
not guilty of the matter of which he  
stands indicted."

The jury was composed of a gro-  
cer, a coal dealer, two insurance men,  
a clerk, a printer, a produce broker,  
an engineer and three business execu-  
tives. Robert H. Stevens, a commis-  
sion merchant, was foreman of the  
jury. Judge Soper, in charging the  
jury, told them that their verdict  
must be considered as passing upon  
the question of whether the bever-  
ages manufactured by Hill were in-  
toxicating. He said the issue of in-  
toxication must be decided on whether  
or not a "practical amount" con-  
sumed by any man would produce  
drunkenness.

Hill, who has long been opposed  
to prohibition laws, shouted with  
glee when the verdict was read.

"Well, boys, you can make all the  
wine you want now," he said.

"I always did have faith in the  
common sense of these Maryland  
juries."

### HOME BREWING PROSECUTED JUST THE SAME

Washington, Nov. 13.—The Fed-  
eral prohibition enforcement authori-  
ties will prosecute all cases of home  
brewing as strictly as before the Hill  
case, Judge James J. Britt, general  
counsel of the prohibition unit, de-  
clared here today.

"We have read the decision in the  
Hill case," said Britt, "and we pro-  
pose to go right ahead with prosecu-  
tion in similar cases."

### WILL NOT APPEAL FROM SOPER RULING

Washington, Nov. 13.—The Fed-  
eral government will not appeal from  
the Soper ruling holding home manu-  
facture of cider and fruit juices in  
excess of one-half of one per cent al-  
coholic content to be permitted by the  
Volstead Act, Attorney-General  
Stone said today.

### W. C. T. U. CALLS EXECUTIVE MEETING

Chicago, Nov. 13.—An executive  
meeting of the board of directors of  
the W. C. T. U. in convention here  
was hurriedly called today when of-  
ficers were informed by the United  
Press of the jury's verdict in the Hill  
case.

"This is a serious matter," Mrs.  
Ella A. Boole, national vice-presi-  
dent, declared. "We will take some  
kind of action."

### VOLSTEAD SAYS WHOLE CASE IS JUST POLITICS

Granite Falls, Minn., Nov. 13.—  
"Representative Hill is a politician  
and this whole case is politics, pure  
and simple," Andrew J. Volstead,

## 'Inside Stuff' of the Versailles 'Peace' Parley

### PLEADS GUILTY TO POISONING SIXTH HUSBAND

(By United Press)  
Mt. Gilead, O., Nov. 13.—Mrs.  
Annora Yeoman, accused of first  
degree murder for poisoning her  
sixth husband, entered a plea of  
guilty as the trial drew to a close  
here today.

Judge Charles Wood announced  
he would pass sentence this after-  
noon.

### SENTENCED TO THE REFORMATORY FOR WOMEN

Mt. Gilead, O., Nov. 13.—Mrs. An-  
nora Yeoman, who brought her first  
degree murder charge to an abrupt  
end today by entering a plea of guilty  
to manslaughter, was sentenced by  
Judge Charles Wood to serve a mini-  
mum of 10 years in Marysville re-  
formatory for women.

Mrs. Yeoman signed a confession to  
the poisoning of her sixth husband,  
Louis Yeoman.

### WHEAT PRICES HIT HIGHEST MARKS OF SEASON

CANADIAN CROP REPORTED 20-  
000,000 BUSHELS  
SHORT

CORN AND OATS MAKE A SYM-  
PATHETIC AD-  
VANCE

(By United Press)  
Chicago, Nov. 13.—Wheat prices  
hit the highest marks for the season  
on the Chicago Board of Trade today.  
All quarters in the trading were  
rushing to buy because of the Cana-  
dian crop estimate indicating a  
yield of 20,000,000 bushels less than  
previously expected.

December wheat was sold at \$1-  
55 1/2, 2 1/2 above yesterday's close.  
May delivery reached \$1.62 1/2, which  
was 2 1/2 cents above yesterday's fig-  
ure. July sold at \$1.41 1/2, up 2  
cents.

Corn and oats prices secured big ad-  
vances in line with wheat.

### HEAVY BUYING IS CONTINUING

Chicago, Nov. 13.—Heavy buying  
in the wheat and corn pits on the  
Chicago Board of Trade today sent  
prices soaring to new high levels for  
1924.

Induced by a Canadian report  
which indicated a lower yield than  
anticipated, May wheat sold at \$1.63  
a bushel just before the close of to-  
day's business.

May corn at \$1.20 a bushel and  
July delivery at \$1.21 also touched  
new high levels on the close.

Profit-taking sales at the close re-  
duced the figures from the high lev-  
els but all grains were holding high-  
er figures than yesterday.

"Father" of the prohibition law, said  
here today.

"It was the purpose of this case to  
make the prohibition law appear ridi-  
culous," said Volstead.

"I don't think it was the intention  
of the drafters of the so-called Vol-  
stead Act to limit home made fruit  
juices to the standard of one-half of  
one per cent of alcohol. It was the  
purpose of the committee to abolish  
commercialized liquor traffic. We  
did not think that many families  
would abuse the privilege of making  
and using fruit juices in the home.

"The law does, however, specif-  
ically prohibit the manufacture of wine  
and in my judgment it would be im-  
possible to produce a fruit juice with  
11.69 per cent of alcohol without  
adding sugar to the juice, and that  
would make it wine. As I under-  
stand this case it was the intention  
to make wine, and the legal aspects  
of the case would recognize the in-  
tent.

"It appears to me this is an effort  
to have a construction placed on the  
language of the act by the courts."  
Volstead expressed disappointment  
that the case will not be repealed.

### RUSH FOR FAME AT HOLLYWOOD NOW IN VOGUE

AMATEURS FLOCK LIKE MOTHS  
AROUND A  
CANDLE

COLLEEN MOORE GETS DEATH OF  
COLD BY EXPOSING  
EARS

(By United Press)  
Hollywood, Nov. 13.—The fall  
crops are being harvested throughout  
Rural America. The fall rush of  
sleek-haired, would-be husbandmen  
and bobbed-tressed farmerettes, hop-  
ing for rich pickings in Hollywood  
is in full swing. All of them are  
praying for a plenteous yield of fame  
and funds. Most of them are doom-  
ed to painful disillusionment.

Throughout the year there is a  
steady stream of aspirants to cinema  
fortune pouring into Hollywood, but  
in the spring and again in the fall is  
this flow the strongest.

True, cameras are clicking merrily  
in most of the studios with produc-  
tion programs showing little sign of  
the usual slack season in the closing  
months of the year. But the host of  
those who would gain renown before  
the sputtering arcs is constantly in-  
creasing.

Each time some hitherto unknown  
is signed for a stellar part, the wave  
of those seeking similar opportunities  
well-nigh breaks down the studio  
gates. It is conservatively estimated  
that if all the pretty girls who hock-  
ed their rings and bought tickets for  
Hollywood when they read of the  
good fortune of Betty Bronson, a no-  
body in filmland, being selected for  
the title role in "Peter Pan," were  
back washing dishes in their home  
kitchens, half the mothers in the na-  
tion could go out and join Mah-Jong  
clubs or attend all the matinees.

"Read 'Merton of the Movies' and  
then bear in mind that not all young  
men have the luck that Merton did,"  
is the advice of William De Mille,  
noted Paramount producer, and the  
words are blown right back into his  
mouth by the rush of newcomers.

### Director Takes Chance

"The amateur actor who comes to  
Hollywood usually thinks he is tak-  
ing a great risk in spending a hun-  
dred dollars or more for railroad fare,"  
de Mille continues undiscouraged.  
"But the director who engages him  
is taking a greater chance, because  
hundreds of thousands of dollars are  
involved in every film production.

"The producer usually selects play-  
ers whose work he knows. Every  
hour costs money and the director  
who is compelled to spend time teach-  
ing the amateur how to act is load-  
ing himself with a tremendous ex-  
pense, and even then he is never cer-  
tain that the work of the amateur  
will be satisfactory."

"The actor who knows his busi-  
ness, who has mastered the art of  
acting and make-up, costs less money  
to the production than the inexperi-  
enced youth whose every appearance  
before the camera means a waste of  
time and film," in de Mille's opinion.

"I have given several young men  
a chance to play quite important  
parts in my productions and the re-  
sult has usually been that we have  
all regretted it. They were not  
ready for the parts and felt discour-  
aged, and I had spent thousands of  
dollars for nothing."

"The worst thing that can happen  
to a novice is to have a big oppor-  
tunity before he is ready for it. A  
part that is too small for him is bet-  
ter than one that is too big. He  
will grow in the first and fall in the  
second."

"Some young men have come to the  
studios ready to do anything. This  
is a dangerous method of entrance  
unless the amateur actor has that  
rare spark of ambition which will  
not allow him to be diverted from his  
aim. Using another job as the step-  
ping-stone to the next one is usually  
very fine, but it generally results in  
the young man being permanently  
sidetracked into something else.

### BUTLER SUCCEEDS LODGE AS SENATOR OF MASSACHUSETTS

(By United Press)  
Boston, Mass., Nov. 13.—William  
M. Butler, of New Bedford, who  
was President Coolidge's cam-  
paign manager, was appointed by  
Governor Cox today to succeed the  
late Henry Cabot Lodge as senior  
United States senator from Mas-  
sachusetts.

### CHARGE PLOT AGAINST NEWS PAPER MAN

4 LEADING CITIZENS OF ROCK IS-  
LAND UNDER ARREST  
TODAY

IN CONNECTION WITH MURDER  
OF JOHN LOONEY, IN VICE  
WAR

(By United Press)  
Rock Island, Ill., Nov. 13.—Four  
leading citizens of Rock Island are  
under arrest today in connection with  
the murder of John Looney, son of  
the former owner of the Rock Island  
News, in a vice war.

They will be given a hearing Mon-  
day.

Jacob Ramser, jeweler, is charged  
with firing the shot that killed young  
Looney on October 6, 1922, as the  
culmination of a local feud in which  
nine persons were killed.

John Potter, publisher of the Rock  
Island Argus, John Colligan, his  
managing editor, and Thomas Har-  
gue, department store proprietor, and  
former chairman of the republican  
county committee, are charged with  
conspiracy to murder in connection  
with the killing. The accused men  
are charged with participation in a  
plot of 13 persons, including the  
mayor and chief of police, to "re-  
move" the father of the slain man  
from the city in order to end the  
power he is alleged to have held over  
one faction engaged in the vice war.  
The murder of his son was part of  
the plot, it is charged.

### SENATOR BORAH'S STATEMENT ON NEW SESSION

SAYS SPECIAL ONE SHOULD BE  
CALLED RIGHT AFTER  
MARCH 4

TO TAKE UP PRESSING LEGISLA-  
TION ON FARM RELIEF,  
ETC.

(By United Press)  
Washington, Nov. 13.—President  
Coolidge should call a special session  
of the new Congress immediately af-  
ter March 4 to take up pressing leg-  
islation, Senator Borah declared at  
the White House today after a con-  
ference with the president.

Borah, however, said he had not  
asked the president to call the ses-  
sion but declined to indicate what  
had been the exact nature of his  
conference. He said the special  
session should be called to consider  
problems of agricultural relief, rail-  
way and world court legislation.

"This coming short session will do  
well if it gets the appropriation bills  
passed," the Idaho senator remarked.

### FILE SUITS AGAINST NEWSPAPERS PRINTING INCOME TAX RETURNS

Washington, Nov. 13.—The news-  
papers against which the government  
will file suit for publishing income  
tax payments have been selected, At-  
torney-General Stone indicated today  
after a conference with President  
Coolidge at the White House.

Stone said the suits will be filed  
"soon."

### U. S. CASH GIVEN FOR GERMAN CREDIT SYSTEM

FINANCING OF THE NEW GER-  
MANY INVOLVES TANGLED  
SITUATION

U. S. OFFICIALS BELIEVE GER-  
MANY WILL  
WIN

By CHARLES McCABE  
(United Press Staff Correspondent)

Washington, Nov. 13.—The United  
States, though providing 55 percent  
of the \$200,000,000 allied loan to  
Germany, will benefit the least, a  
high government official said today.

This country, the official said, must  
content itself with the investment  
and trade profits, while the repa-  
rations receiving nations will be the  
real beneficiaries.

"The \$110,000,000 which America  
eagerly provided for Germany," the  
observer said, "will not, of course,  
leave the country. Its purpose is to  
establish a gold exchange credit for  
the new German Government bank—  
the Gold Bank of Issue. The Gold  
Bank, in turn, though branch banks,  
will apportion this credit to the  
manufacturers."

"The German manufacturers,  
starving for credit, will immediately  
use it to purchase raw materials and  
foodstuffs in this country."

"The bulk of the manufactured  
products, made chiefly from basic  
materials bought here by means of  
credit provided in the United States,  
will go to the reparations receiving  
countries as payments in kind. Eventually the entire amount of the  
loan will be transferred in this man-  
ner."

### Large Credits Granted

The official said that already  
private banking interests here, he-  
artened by the ready response to the  
Dawes loan and the bright pros-  
pects for Germany, have established  
direct connections with German man-  
ufacturers and given them small  
credits. They are dealing in money,  
a plentiful commodity here, it was  
pointed out, and are willing to  
gamble on Germany's future for their  
profit.

Among the largest credits of this  
nature reported are those to the Kail  
Syndicate, which supplies a major  
portion of the American demand for  
potash fertilizers; The Badische An-  
lin and Soda Fabrik, a regular ex-  
porter of dyes and drugs to the Uni-  
ted States, and a group of textile mills,  
which consume large quantities of  
American cotton.

The bankers, who financed the  
loan in this country, have already re-  
ceived their profit, the official said.  
He estimated the cost of the issue to  
the bankers at 87 percent of par,  
while it sold to the public, who there-  
by assumed the risk, at 92.

All transactions having to do with  
the granting of credit against the  
loan will be passed upon by the  
Agent General for Reparations, S.  
Parker Gilbert, an American and  
former Under Secretary of the  
Treasury.

Success or failure of Germany "to  
get back on her feet" the official said,  
depends largely on the administra-  
tion of the loan credit. It must be  
handled in such a manner as to keep  
the German mark at par in foreign  
exchange markets. Meanwhile, in  
the year's moratorium from repa-  
rations payments, the German govern-  
ment must balance its budget and  
apportion taxes on a sound basis.

### Official Optimistic

The official was optimistic over  
Germany's ability to "come through."  
Within the past few months, he said,  
the government accumulated a sur-  
plus which was sufficient to retire  
certain short term obligations.

Plans for German reconstruction  
are based on a new theory brought  
about through the demand for econ-  
omy in the use of gold.

"The establishment of German  
credits through the recent loan," the  
official said, "amounts to putting the  
currency of Germany on a gold ex-  
change basis, instead of the custom-

### FRENCH BATTLE FIELDS SHELLS USED IN SPAIN

(By United Press)  
Solissons, France, Nov. 13.—The  
battle fields of France are giving  
up their unexploded ammunition to  
the cause of revolution in  
Spain. Arms, shells and grenades  
left behind when the Allies and  
the Germans quit the fields, are

Spanish plotters against the king  
and directorate.

An extensive plot was discov-  
ered today at Solissons. The fields  
across which the Americans fought  
in the summer of 1918 are being  
cleared and great quantities of  
ammunition obtained.

### VAIN SEARCH FOR MURDERER OF RICH JEWELER

DEATH OF HARRY I. KATZ, LOS  
ANGELES, CONTINUES UN-  
SOLVED MYSTERY

EVERY POSSIBLE ANGLE OF THE  
DEAD MAN'S PAST BEING  
SIFTED

(By United Press)  
Los Angeles, Calif., Nov. 13.—The  
murder of Harry I. Katz, jeweler,  
diamond broker and man of many  
friends but few intimates, today ap-  
proached the list of unsolved mys-  
teries as clues by which it had been  
hoped to apprehend the slayer proved  
fruitless.

With the release of Hal Hall, lat-  
est suspect, to be arrested, detectives  
admitted they have little left to work  
on. Every possible angle of Katz's  
life has been sifted and the murderer  
still is unknown.

MAY ARREST TWO  
CHARGED WITH EXTORTION

Los Angeles, Nov. 13.—Police this  
afternoon said they momentarily ex-  
pected the arrests of a man and wo-  
man, known as "Stan the Bouncer"  
and "Rose the Wop," in connection  
with the murder of Harry I. Katz,  
Los Angeles club man and musician.

The couple, police declare are  
known to have extorted large sums  
from Katz through blackmail.

Reports said that the couple had  
fled toward the Mexican border, but  
detectives said they believed they  
were in hiding in Los Angeles.

any gold reserve. The German Bank  
of Issue now has the option of giving  
a draft on a foreign bank, where  
credit has been set up, or paying in  
gold, which, of course, she cannot do.  
"Under this method you don't keep  
the gold locked up in vaults where  
it doesn't work; but instead it can  
be invested in interest bearing  
securities, such as treasury notes,  
etc."

### Question of Taxes

"The big question," the observer  
said, "is whether the German taxes  
in marks can be converted into gold  
exchange values, represented in dol-  
lars and pounds sterling, without  
seriously disturbing the foreign ex-  
change markets for marks."

"To accomplish this, Germany  
must export more of her goods and  
services than she imports—the excess  
to go toward the payment of repa-  
rations. The importation of the large  
amounts of raw materials she needs  
will put such pressure on the mark  
that only careful judgment in the  
apportionment of credits against the  
loan will enable her to keep the mark  
at par in foreign markets."

"It is a big burden, but there is  
reason to believe Germany will be  
able to carry it. Since Spring she  
has been able to balance her budget  
and has accumulated a small surplus  
which was used to buy up emergency  
bonds floated for government financ-  
ing."

### FORMER EDITOR LONDON TIMES IN REMINISCENCES

SAYS WILSON SEPARATED LLOYD  
GEORGE AND CLEMENCEAU  
IN COMBAT

BRITISH PRIME MINISTER OB-  
JECTED TO BEING CALLED  
LIAR BY FRENCHMAN

(By United Press)

London, Nov. 13.—Woodrow Wil-  
son separated Lloyd George and  
Georges Clemenceau when the Brit-  
ish prime minister had the French  
premier by the collar and was de-  
manding an apology for being called  
a liar, Wickham, former editor of  
the London Times, discloses in his  
book "Through Thirty Years," pub-  
lished today.

The row occurred during the Ver-  
sailles peace conference and lead to  
Clemenceau's challenging Lloyd  
George to a duel, it is said.

The book, purporting to give what  
is known in American slang as "in-  
side stuff," is certain to cause a sen-  
sation.

"Clemenceau flatly charged Lloyd  
George with repeated inaccuracies,"  
the editor says describing the in-  
cident referred to. "Lloyd George rose  
and seized Clemenceau by the collar,  
demanding an apology."

"Woodrow Wilson separated them.  
Then Clemenceau offered Lloyd  
George reparation with pistols or  
swords—as soon as the British prime  
minister had resided in France long  
enough to acquire a domicile—and  
meanwhile 'The Tiger' refused to  
apologize."

### STOCK EXCHANGE BUSINESS OF HUGE VOLUME

NEW YORK CURB MARKET ALSO  
REFLECTS OPTIMISTIC  
TONE

ANOTHER 2,000,000 SHARE DAY  
IS INDI-  
CATED

(By United Press)  
New York, Nov. 13.—Business con-  
tinued in huge volume on the Stock  
Exchange and the Curb Market to-  
day, the eighth business day of the  
big boom which followed President  
Coolidge's victory in the presidential  
election.

A total of more than 1,700,000  
shares had been dealt in on the Stock  
Exchange shortly after 2 p. m., which  
traders considered remarkable in  
face of heavy profit-taking and the  
long continuation of the bull market.

The day was only slightly less  
than the hectic time yesterday, when  
more than 2,000,000 shares had been  
traded in at the same hour.

Another 2,000,000-share day was  
indicated before the close.

The trading in bonds amounted to  
\$10,725,000 at 2 p. m.  
Many special issues surged to new  
high ground. American Can reached  
\$1.53 1/2 and Cast Iron Pipe \$1.47,  
the highest point in its history and  
more than 20 points up from Tues-  
day's close.

### MRS. HARDING TAKES TURN FOR WORSE TODAY

(By United Press)

Marion, O., Nov. 13.—The condi-  
tion of Mrs. Warren G. Harding took  
a turn for the worse today after a  
restless and painful night, according  
to Dr. Carl E. Sawyer's 11 a. m. bul-  
letin.

"Mrs. Harding had a very restless  
and painful night and is not so well  
this morning," the bulletin said.

## LOCAL NEWS NOTES

Items for this column will be gladly received. Telephone 74.

## WEATHER

Minnesota—Generally fair tonight and Friday, colder in east portion tonight, rising temperature Friday.

Nov. 13.—Maximum at noon 24, minimum 20. Northeast wind. Cloudy. Light snowfall.

Mrs. C. P. Cox entertained the guild of St. Paul's Episcopal church on Wednesday evening.

A new thrill for every man in Brainerd "The Perfect Flapper," at the New Park tonight and Friday.

Write your questions at home (in any language) seal them up and bring them to the New Park on Saturday and Sunday and Phanto will answer them without seeing them.

Attorney D. B. McAlpine, of Iron- ton, is in the city today, having several cases coming up in district court.

Keep the home fires burning with our dry mill wood. For service, heat and comfort, call J. A. Joncas 1156-R.

When you need me—I'll be there! Roy Stewart in "Pure Grit" Lyceum tonight, 10-25c.

Mrs. C. W. Eastman was a passenger to Minneapolis, where she will visit at the home of her son, Edwin Blake.

Why pay more? Visit the Lyceum tonight, 10-25c.

Colleen Moore in "The Perfect Flapper" at the New Park tonight and Friday.

A Ford car, carrying four fine antlered deer, two on each running board, passed through Brainerd today, bound for Minneapolis.

Be prepared for the cold days that are sure to come. Order a load of our dry mill wood today. Call J. A. Joncas 1156-R.

"The Bandolero" is coming to the Lyceum Sunday!

P. O. Erickson, 618 South Broadway, returned today from a hunting trip near Northome, bringing back with him a fine, 170-pound buck.

Lively's Ford repair department use only genuine Ford parts, sold at Ford prices.

VAUDEVILLE—Phanto & Co. The world's greatest mind reader at the New Park on Saturday and Sunday, with Viola Dana in "In Search of a Thrill." All for regular prices. 13912

Canero the greatest bull-fighter in the world, leaps on horse back over the charging bulls, flirting with death in "The Bandolero" Lyceum Sunday.

Strictly a Ford schedule is used in making our charges for repair work. You can charge it at Lively's.

The most dramatic and artistic success of the year, "The Sea Hawk" at the New Park on Monday, Tuesday and Wednesday.

Mr. and Mrs. George Gilbert and son, and Mrs. F. E. Potter, of Duluth, are guests at the P. A. Farrar home. Mrs. Potter is Mrs. Farrar's sister.

Energie Gasoline—67 per cent faster pickup; 98 per cent quicker starting. Try it these cold mornings.

The Y. M. C. A. will be glad to re-

ceive your old Victrola records. They will be put to good use.

Mrs. Wm. V. Turcotte left today for the cities. Mr. Turcotte will join her on Friday and they will attend the Illinois-Minnesota football game on Saturday.

Auto Electrical Service. Phone 11.

Thousands of galley slaves, corsairs, janissaries, harem beauties and fighting pirates in a mammoth production, "The Sea Hawk" at the New Park on Monday, Tuesday and Wednesday.

Roy Putz of Brainerd, Mrs. Elwell of Portland, Ore., Mr. and Mrs. Cash Murphy of Kellier and Mr. and Mrs. Bartlett of Wadena attended the funeral of Mrs. C. C. Murphy in Verndale.

It pays to visit the Lyceum!

FOR SALE—New four door Ford sedan slightly used. Imgrund Auto Co.

"Phanto" the world's greatest mind reader in the most amazing demonstration ever presented on any stage at the New Park on Saturday and Sunday. With Viola Dana in "In Search of a Thrill." All for regular prices.

Don't let your old Victrola records gather dust. Call up the Y. M. C. A. and ask someone to call for them.

David LeClair, of Minneapolis, a member of the fire department of that city, being stationed at Engine House No. 10, enjoyed a hunting trip in the Brainerd vicinity, and while here was a guest of local firemen.

DeSmidt's noonday luncheon is different. Try it.

Energie Gasoline may be secured at Energie Station, Stein's Filling Station, Brandt Bros., Service Motor and Lively Auto Co.

The most mammoth sea spectacle ever screened, "The Sea Hawk" at the New Park on Monday, Tuesday and Wednesday.

The first sled of the season to put in its appearance on Brainerd streets was that belonging to the American Railway Express Co. It gave the appearance of real winter weather. Several similar vehicles were quick to follow the example.

Lively's stock of Ford parts is complete in every detail. Open day and night.

The blazing romance of a Texas Ranger—That's Roy Stewart in "Pure Grit" at the Lyceum tonight, 10-25c.

Some friends have already given records to the Y. M. C. A. We wish to thank them, and urge other to follow their example.

Lively's expert repair men are at your service day and night.

The Brainerd ladies band met on Wednesday evening at the home of its director, Mrs. Norman Zieljell, 713 Kingwood St. This was purely a business meeting. The first rehearsal will be held on next Wednesday night at the rest room in the city hall. A number of new members joined the organization last evening.

Energie is true gasoline—not doped. Next in grade to the highest test aviation gasoline.

W. C. T. U. The W. C. T. U. will meet at the Y. M. C. A. parlors Friday afternoon at 3 o'clock.

## MYSTIC PHANTO

Claimed Borderlands of Occult Sciences are Touched in Performance at Park Theatre (Contributed)

Theatre-goers are asked to keep two things in mind for this week-end: The New Park theatre, and the Mystic Phanto. The New Park is the place, Mystic Phanto is the supreme attraction, and Saturday and Sunday are the days.

Brainerd people have seen mind readers, good, bad and indifferent; have been surprised at some of their feats, and think that they have solved the mysteries of others. But until Mystic Phanto has been seen, the management of the New Park asserts that the public has not even touched the borderlands of the occult sciences.

Phanto is said to be mystic in his work and mystic in his personality. He seems to cast his unfathomable mist of mental telepathy over his audience, reads the past, present and future, tells the intimate things that many years to have revealed.

Students of mental phenomena and men of learning have proclaimed Phanto a psychic marvel of the age. Certain it is that the performances he gives, no two of which are alike, stamp him as one of the greatest mental demonstrators who have toured America. He answers all questions, whatever his audiences wish to know; whether it be questions of health, of business, personal affairs, or public weal, questions of love, of absent friends, of lost articles, and hundreds of other subjects. Phanto knows the answers to them all, and patrons can be assured that no embarrassment will result from questioning him, for Phanto is a highly cultured gentleman.

In addition to Phanto's mystical attainments, he is a genuine radio expert. Indeed he is the owner of the first radio-equipped automobile, and owns seven radio patents. On his tours he travels in his radio-car, equipped with a set containing eleven tubes, and capable of both transmitting and receiving. He has written many articles for various magazines and has been associated with several eastern papers as radio editor, it is said.

Phanto will be seen at all performances during Saturday and Sunday at the New Park, and the management regrets that he cannot engage this mystic for a longer period, but owing to bookings in theatres on the Finkelstein and Ruben circuits, a longer stay in Brainerd is impossible.

Phanto states that any who desire to ask questions about radio, or who

wish to be advised concerning their radio sets, may bring them to the theatre, where he will be glad to be of assistance. His radio-equipped automobile will be stationed in front of the New Park theatre during his stay in Brainerd.

The feature picture in conjunction with Phanto's act will be "In Search of a Thrill," starring Viola Dana, and providing an excellent evening's entertainment.

## Disputed Honor

Some authorities give credit to the U. S. S. Vincennes, a sailing frigate, as the first circumnavigating the globe, making the trip in 1829-1830. Other authorities credit the United States frigate Potomac, which made a continuous cruise around the world from 1831-1834.

## Blacksmith and Scholar

"The Learned Blacksmith" was the title popularly given Elihu Burritt of New Britain, Conn. He was a linguist, a writer and a social reformer. He was the author of several volumes. He died in 1879.

## WEATHER

Minnesota—Generally fair tonight and Friday, colder in east portion tonight, rising temperature Friday.

Nov. 13.—Maximum at noon 24, minimum 20. Northeast wind. Cloudy. Light snowfall.

Mrs. C. P. Cox entertained the guild of St. Paul's Episcopal church on Wednesday evening.

A new thrill for every man in Brainerd "The Perfect Flapper," at the New Park tonight and Friday.

Write your questions at home (in any language) seal them up and bring them to the New Park on Saturday and Sunday and Phanto will answer them without seeing them.

Attorney D. B. McAlpine, of Iron-ton, is in the city today, having several cases coming up in district court.

Keep the home fires burning with our dry mill wood. For service, heat and comfort, call J. A. Juncas 1156-R.

When you need me—I'll be there! Roy Stewart in "Pure Grit" Lyceum tonight, 10-25c.

Mrs. C. W. Eastman was a passenger to Minneapolis, where she will visit at the home of her son, Edwin Blake.

Why pay more? Visit the Lyceum tonight, 10-25c.

Colleen Moore in "The Perfect Flapper" at the New Park tonight and Friday.

A Ford car, carrying four fine antlered deer, two on each running board, passed through Brainerd today, bound for Minneapolis.

Be prepared for the cold days that are sure to come. Order a load of our dry mill wood today. Call J. A. Juncas 1156-R.

"The Bandidero" is coming to the Lyceum Sunday!

P. O. Erickson, 618 South Broadway, returned today from a hunting trip near Northome, bringing back with him a fine, 170-pound buck.

Lively's Ford repair department use only genuine Ford parts, sold at Ford prices.

VAUDEVILLE—Phanto & Co. The world's greatest mind reader at the New Park on Saturday and Sunday, with Viola Dana in "In Search of a Thrill." All for regular prices. 13912

Canero the greatest bull-fighter in the world, leaps on horse back over the charging bulls, fighting with death in "The Bandidero" Lyceum Sunday.

Strictly a Ford schedule is used in making our charges for repair work. You can charge it at Lively's.

The most dramatic and artistic success of the year, "The Sea Hawk" at the New Park on Monday, Tuesday and Wednesday.

Mr. and Mrs. George Gilbert and son, and Mrs. F. E. Potter, of Duluth, are guests at the F. A. Farrar home. Mrs. Potter is Mrs. Farrar's sister.

Energee Gasoline—67 per cent faster pickup; 93 per cent quicker starting. Try it these cold mornings.

The Y. M. C. A. will be glad to re-

ceive your old Victrola records. They will be put to good use.

Mrs. Wm. V. Turcotte left today for the cities. Mr. Turcotte will join her on Friday and they will attend the Illinois-Minnesota football game on Saturday.

Auto Electrical Service. Phone 11.

Thousands of galley slaves, corsairs, janissaries, harem beauties and fighting pirates in a mammoth production, "The Sea Hawk" at the New Park on Monday, Tuesday and Wednesday.

Roy Putz of Brainerd, Mrs. Elwell of Portland, Ore., Mr. and Mrs. Cash Murphy of Kelliher and Mr. and Mrs. Bartlett of Wadena attended the funeral of Mrs. C. C. Murphy in Verndale.

It pays to visit the Lyceum!

FOR SALE—New four door Ford sedan slightly used. Ingrand Auto Co.

"Phanto" the world's greatest mind reader in the most amazing demonstration ever presented on any stage at the New Park on Saturday and Sunday. With Viola Dana in "In Search of a Thrill." All for regular prices.

Don't let your old Victrola records gather dust. Call up the Y. M. C. A. and ask someone to call for them.

David LeClair, of Minneapolis, a member of the fire department of that city, being stationed at Engine House No. 10, enjoyed a hunting trip in the Brainerd vicinity, and while here was a guest of local firemen.

DeSmith's noonday luncheon is different. Try it.

Energee Gasoline may be secured at Energee Station, Stein's Filling Station, Brandt Bros., Service Motor and Lively Auto Co.

The most mammoth sea spectacle ever screened, "The Sea Hawk" at the New Park on Monday, Tuesday and Wednesday.

The first sled of the season to put in its appearance on Brainerd streets was that belonging to the American Railway Express Co. It gave the appearance of real winter weather. Several similar vehicles were quick to follow the example.

Lively's stock of Ford parts is complete in every detail. Open day and night.

The blazing romance of a Texas Ranger—That's Roy Stewart in "Pure Grit" at the Lyceum tonight, 10-25c.

Some friends have already given records to the Y. M. C. A. We wish to thank them, and urge other to follow their example.

Lively's expert repair men are at your service day and night. Phone 76.

The Brainerd ladies band met on Wednesday evening at the home of its director, Mrs. Norman Ziebell, 713 Kingwood St. This was purely a business meeting. The first rehearsal will be held on next Wednesday night at the rest room in the city hall. A number of new members joined the organization last evening.

Energee is true gasoline—not doped. Next in grade to the highest test aviation gasoline.

W. C. T. U. The W. C. T. U. will meet at the Y. M. C. A. parlors Friday afternoon at 3 o'clock.

CALL 74—WANT ADS

## MYSTIC PHANTO

Claimed Borderlands of Occult Sciences are Touched in Performance at Park Theatre

(Contributed)

Theatre-goers are asked to keep two things in mind for this week-end: The New Park theatre, and the Mystic Phanto. The New Park is the place, Mystic Phanto is the supreme attraction, and Saturday and Sunday are the days.

Brainerd people have seen mind readers, good, bad and indifferent; have been surprised at some of their feats, and think that they have solved the mysteries of others. But until Mystic Phanto has been seen, the management of the New Park asserts that the public has not even touched the borderlands of the occult sciences.

Phanto is said to be mystic in his work and mystic in his personality. He seems to cast his unfathomable mist of mental telepathy over his audience, reads the past, present and future, tells the intimate things that many years to have revealed.

Students of mental phenomena and men of learning have proclaimed Phanto a psychic marvel of the age. Certain it is that the performances he gives, no two of which are alike, stamp him as one of the greatest mental demonstrators who have toured America. He answers all questions, whatever his audiences wish to know; whether it be questions of health, of business, personal affairs, or public weal, questions of love, of absent friends, of lost articles, and hundreds of other subjects. Phanto knows the answers to them all, and patrons can be assured that no embarrassment will result from questioning him, for Phanto is a highly cultured gentleman.

In addition to Phanto's mystical attainments, he is a genuine radio expert. Indeed he is the owner of the first radio-equipped automobile, and owns seven radio patents. On his tours he travels in his radio-car, equipped with a set containing eleven tubes, and capable of both transmitting and receiving. He has written many articles for various magazines and has been associated with several eastern papers as radio editor, it is said.

Phanto will be seen at all performances during Saturday and Sunday at the New Park, and the management regrets that he cannot engage this mystic for a longer period, but owing to bookings in theatres on the Finkelstein and Ruben circuits, a longer stay in Brainerd is impossible.

Phanto states that any who desire to ask questions about radio, or who

wish to be advised concerning their radio sets, may bring them to the theatre, where he will be glad to be of assistance. His radio-equipped automobile will be stationed in front of the New Park theatre during his stay in Brainerd.

The feature picture in conjunction with Phanto's act will be "In Search of a Thrill," starring Viola Dana, and providing an excellent evening's entertainment.

## NEW PARK TONIGHT AND FRIDAY

## URGES COUNTY NURSE RETAINED

At Present County Red Cross Has Taken Over Financing of Nurse

C. A. KRECH WRITES LETTER

Offers a Plan of Voluntary Contributions And Send Check For \$50

The county nurse has been retained by the Red Cross and a portion of the Roll Call goes to the financing of the nurse's work. Charles A. Krech, in the following letter, proposes a plan of voluntary contributions to support the nurse's work and to back up his assertions, has sent Mrs. J. A. Thabes his check for \$50. Mr. Krech's letter is as follows:

Brainerd, Minn.  
Nov. 11, 1924.  
Mrs. J. A. Thabes,  
City.

Dear Mrs. Thabes:-  
Commencing with 1916 our taxes have been soaring by leaps and bounds until now, they are in many instances positively burdensome. And it was this state of affairs that called into being the Countywide Tax Reduction League.

And, it was no doubt the overwhelming demand for tax reduction coming from every part of the county that caused our County Commissioners to make a start with that purpose in view, by dispensing with the services of the county nurse.

Besides being popular everywhere, Miss Ingebritson is a very efficient and conscientious nurse, bringing sunshine, relief and hope into many homes that could not well afford the expense of the services that she has so promptly and cheerfully rendered.

While our commissioners should not be criticized for their action, if they follow it up with other tax reductions all along the line, still there is a general regret in rural districts, that the county should lose the services of such a much needed and very competent public servant.

It is because of this strong sentiment that I have consented to make some suggestion, or outline some plan by which the services of Miss Ingebritson might be retained here in our county.

Health is our greatest earthly blessing, and it is also a very valuable financial asset, for with good health, and a little "Pep" many can and do acquire a little more of this world's goods than one really needs, if one meets with no misfortunes. And in my opinion, those who have been so very fortunate should deem it a privilege, yes, even a duty to contribute a little of that surplus to the welfare of the community as a whole, and, to the less fortunate in particular.

Acting on this principle, would suggest that a county-wide organization be formed, patterned after the methods used by the county-wide tax reduction League, for the purpose of formulating some plan for the financing of the necessary expense.

Just as a suggestion, would suggest that not less than ten men, of which number I will gladly be one, subscribe \$100 each, and not less than twenty men subscribe \$20 each. With this much money assured it would be very easy to raise the balance necessary, say for instance, by many smaller contributions or a county-wide Tag Day. However, this is only a suggestion.

If anyone has a better or more feasible plan to offer, it will meet with my hearty co-operation, as I am only interested in getting results. But by all means let us make every necessary effort to retain the valuable services of Miss Ingebritson as county nurse.

When a cause is such a worthy one, well organized and systematic team-work always gets results, and I am confident that the public spirit-

ed citizens of Brainerd and Crow Wing County will put their shoulder to the wheel and boost this proposition to a triumphant victory as has always been done in the past. And because of this confidence am sending check for \$50 to apply on this good work.

Wishing you every success in this laudable undertaking, I am,

Yours very truly,  
C. A. KRECH.

by Pythian lodges throughout the state and urged the Brainerd castle to renew its activities and outline a full program for the coming season. Many Pythian lodges in Minnesota are branching into work along civic lines, and are finding it very profitable, according to Mr. Honnallie, for in addition to being of real service to the community, the members of the lodge seem to take a greater interest in their order.

In telling of the activities of the lodges throughout the state, the speaker cited the Zumbrota castle, which, noticing that the high school needed a new gymnasium, furnished a large vacant room in the town for that use. In addition to this, the lodge took a large number of the students on an automobile trip to Stillwater, for an inspection of the state penitentiary there.

The Anoka castle was cited as one of the live lodges of the state. When the grand lodge decided to meet in that city this year the local castle promised to furnish twenty-five candidates for the school of instruction, but instead of this number being ready for the work at the appointed time, there were an even hundred ready to receive the degrees, an accomplishment that would have done credit to a lodge in a much larger city.

A number of Brainerd knights gave short talks following Mr. Honnallie's address, and voiced the sentiment that the future of the local castle is to be very bright, and that the officers are to have the hearty cooperation of the membership.

It was decided to institute an attendance campaign along rather novel lines. The chancellor commander and the vice chancellor of

the lodge are to choose side from the entire membership, and these two teams will work against each other to see which one can have the largest number of members in attendance at the regular meetings. It is expected that there will be a great deal of friendly rivalry developed in this contest and that the attendance at meetings will be much improved. A program of activities for the coming winter months will be outlined in the near future, the lodge expecting to accomplish a great deal of constructive work this season.

## RED PEPPER HEAT QUICKEST RELIEF FOR RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

## URGES COUNTY NURSE RETAINED

At Present County Red Cross Has  
Taken Over Financing of  
Nurse

C. A. KRECH WRITES LETTER

Offers a Plan of Voluntary Contributions And Send Check  
For \$50

The county nurse has been retained by the Red Cross and a portion of the Roll Call goes to the financing of the nurse's work. Charles A. Krech, in the following letter, proposes a plan of voluntary contributions to support the nurse's work and to back up his assertions, has sent Mrs. J. A. Thabes his check for \$50. Mr. Krech's letter is as follows:

Brainerd, Minn.  
Nov. 11, 1924.

Mrs. J. A. Thabes,  
City.

Dear Mrs. Thabes:-

Commencing with 1916 our taxes have been soaring by leaps and bounds until now, they are in many instances positively burdensome. And it was this state of affairs that called into being the Countywide Tax Reduction League.

And, it was no doubt the overwhelming demand for tax reduction coming from every part of the county that caused our County Commissioners to make a start with that purpose in view, by dispensing with the services of the county nurse.

Besides being popular everywhere, Miss Ingebritson is a very efficient and conscientious nurse, bringing sunshine, relief and hope into many homes that could not well afford the expense of the services that she has so promptly and cheerfully rendered.

While our commissioners should not be criticized for their action, if they follow it up with other tax reductions all along the line, still there is a general regret in rural districts, that the county should lose the services of such a much needed and very competent public servant.

It is because of this strong sentiment that I have consented to make some suggestion, or outline some plan by which the services of Miss Ingebritson might be retained here in our county.

Health is our greatest earthly blessing, and it is also a very valuable financial asset, for with good health, and a little "Pep" many can and do acquire a little more of this world's goods than one really needs, if one meets with no misfortunes. And in my opinion, those who have been so very fortunate should deem it a privilege, yes, even a duty to contribute a little of that surplus to the welfare of the community as a whole, and, to the less fortunate in particular.

Acting on this principle, would suggest that a county-wide organization be formed, patterned after the methods used by the county-wide tax reduction League, for the purpose of formulating some plan for the financing of the necessary expense.

Just as a suggestion, would suggest that not less than ten men, of which number I will gladly be one, subscribe \$100 each, and not less than twenty men subscribe \$20 each. With this much money assured it would be very easy to raise the balance necessary, say for instance, by many smaller contributions or a county-wide Tag Day. However, this is only a suggestion.

If anyone has a better or more feasible plan to offer, it will meet with my hearty co-operation, as I am only interested in getting results. But by all means let us make every necessary effort to retain the valuable services of Miss Ingebritson as county nurse.

When a cause is such a worthy one, well organized and systematic team-work always gets results, and I am confident that the public spirit-

ed citizens of Brainerd and Crow Wing County will put their shoulder to the wheel and boost this proposition to a triumphant victory as has always been done in the past. And because of this confidence am sending check for \$50 to apply on the good work.

Wishing you every success in this laudable undertaking, I am,  
Yours very truly,  
C. A. KRECH.

## PRAISES AMERICAN SYSTEM

THE editor of "The Manufacturer" recently had urgent need of communication between his Salem office and San Francisco. He turned to his desk phone and put in a station to station call (not asking for a particular person). Scarcely had he replaced the receiver, when the answer came over 700 miles of wire. He asked the operator for speed and he certainly got it.

A letter would have taken two days for transmission and delivery; a personal round trip would have required four days. Instant action was necessary and so the telephone was utilized.

That is the service private enterprise gives in lieu of leisurely, disinterested, public-ownership inefficiency. It is the reason for there being more telephones in the United States than in all the rest of the world, and many times as many phone messages per capita as in other lands. It is the reason for freight rates being less than one cent per ton mile in America, as compared with almost 3 cents per ton on state-owned railroads of New South Wales.

Private enterprise, that can feel the joy of progress and of serving an appreciative clientele, and compete fairly with other rival agencies, has built up the American telephone, the American railroad, American public utilities and the whole American habit of competitive, progressive business thought.

Such service as rendered on this Salem-San Francisco phone call is a tribute to the whole American system of encouraging and rewarding individual enterprise. Not only should the telephone company feel proud of employees who render such service but an employee must get a wonderful thrill and real enjoyment out of working for an institution which furnishes equipment to make such public service possible.

## RED CROSS AIDED MINNESOTA

IN former years we have looked upon the Red Cross as a national institution aiding Russian famine sufferers, Japanese earthquake victims, in fact aiding to relieve suffering in fire, famine and flood disasters everywhere except in our own state or immediate vicinity.

But last year the Red Cross extended aid very near Brainerd, the Milford mine disaster on our Cuyuna iron range. And the state at large received aid too, for statistics show that the Red Cross was called upon during the last year to expend \$14,000 more in Minnesota than was brought in during the campaign for members in 1923.

In reviewing the work of the organization, the St. Paul Daily News states further that the organization has, in other words, a deficit of \$14,000, which has to be met out of the membership fees collected this year. In addition enough money must be collected to carry on the work demanded by the public during the coming year.

Everyone knows what the Red Cross has done. Everyone wishes that work continued. Consequently it is up to everyone to see that the required funds are provided.

THE Literary Digest poll was remarkably accurate. Of course, in a straw vote, no one can expect complete accuracy. It showed the overwhelming strength of the Coolidge vote. It over-emphasized, however, the strength of La Follette. The Literary Digest was wrong on only two states, Oklahoma and Kentucky. It gave Oklahoma to Coolidge instead of Davis. It gave Kentucky to Davis instead of Coolidge. It was wonderful journalistic enterprise to make the poll and carry it out conscientiously, and it cost a lot of time and money.

It is said the newly organized Ladies band of Brainerd will be so thoroughly rehearsed this winter that it will be able to take its place in the Elks gigantic parade at the time of the State Convention in Brainerd. There will no doubt be three bands of Brainerd in line, the Municipal, Boys band and the Ladies organization. Some 15 bands, several drum corps, male choruses, quartets, etc., are expected in the city, all contributing to a wonderful feast of music.

THE saddest disappointment in all life is for a man to spend hours duck hunting and then bring home one measly specimen which his wife absolutely refuses to prepare and cook. One of these ducks is reported to be worth some \$2 or more a pound and represents untold finesse, labor, perspiration, etc., to attain. Only a real duck hunter, not one who buys his trophies, knows what is involved in a hunting trip.

SCIENTISTS are all excited over the discovery of water figured to be some ten million years old. It had been preserved in quartz since an age before life began to appear on this earth. The water is clear and sparkling in its crystal container. The scientists are as much agitated over the matter as you or I would be finding a quarter in a discarded vest or something or other something else in a neglected bureau drawer.

DAN WALLACE, editor and publisher of the "St. Paul Farmer" is being urged as a candidate for the secretary of agriculture post in Coolidge's cabinet. He has already been endorsed by seven leaders in farm movements, representing more than 20 farm cooperative organizations and farmer assisting bodies, also the Minnesota Potato Growers exchange.

PRESIDENT COOLIDGE received a flock of telegrams of congratulation and bouquets, etc., but he just gritted his teeth, took up his pen and papers as he settled in his office chair and stuck to his task clearing up business of state. There was no interruption in business, so far as Cal is concerned.

AT last it's out. A professor of sociology at the University of Minnesota has discovered that women can never hope to compete with men in industry, because they never stick very long to their job. A survey made in St. Paul shows that five years is the average tenure of sticking to a job.

AMERICANS view askance the tong wars of the Chinese. But right on our own soil we see a beer war waged in Chicago and one beer bootlegging leader killed. It may fan to intensify a gang warfare as deadly as any tong feud.

RUSH FOR FAME  
AT HOLLYWOOD  
NOW IN VOGUE

(Continued from Page 1)

"The man who is willing to do anything may end by doing nothing. He comes out here to be an actor and ends by being always a property man."

## Reading Subtitles

Everyone in the world hates the nit-wits who read the subtitles aloud in the motion picture theatres. The public at large will rise up and cheer to learn that the first definite steps against the babblers may be taken when "The Merry Widow" is exhibited. It will not be necessary to wreak justifiable homicide against them. The law will take its course.

When the screen rights were purchased to the famous light opera, to be filmed by Metro-Goldwyn-Mayer with Erich Von Stroheim directing and Mae Murray starring in the title role, the contract definitely stated that no spoken word of the original book of the opera may be used in the theatre in which it is showing. The text may be used as printed matter on the screen—the subtitles—but anyone speaking a line from the play is liable to a heavy fine. So if they read 'em aloud, the gentlemen may get 'em if they don't watch out.

## Warning to Flappers

Flappers, take warning. If you plan to change your hair, dress so your ears show. Listen to Colleen Moore's experience: For the first time in years the famous flapper of the movies is called upon to publicly exhibit her ears for her role in "So Big," a new film in which she portrays the girl of 1890.

Drafts at the studio on her tender ears brought on neuralgia, according to Colleen's physician. Now she's wearing ear-muffs between scenes to prevent further suffering.

So if you plan to expose your ears, buy your ear-muffs first.

GUNDER PETERSON AND CHAS. MATHEWS LOSE LIVES IN LAKE BEMIDJI

(By United Press)

Bemidji, Minn., Nov. 13.—Gunder Pederson, 26, of Grand Forks, and Charles Mathews, 31, of Dodge, N. D., were drowned in Lake Bemidji 7 miles north of here late yesterday while setting a fishing net.

George Cochrane, pioneer log contractor and proprietor of the Birchmont Dairy farm, narrowly escaped the same fate when he went out in a leaky rowboat to attempt rescue. Pulling Cochrane's boat under water, Pederson and Mathews went down and their bodies were not recovered until several hours afterward. Cochrane, who is 66 years old, exhibited extraordinary stamina when he swam shore, burdened by his heavy wearing apparel and numbed by the freezing water. Bert Taggart waded out to aid Cochrane when he neared shore almost in a state of collapse.

JOINT-EASE For  
Stiff, Swollen Joints

Rheumatic or Otherwise

Says: "When Joint-Ease Gets In—Joint Agony Gets Out."

It was a high-class pharmacist who saw prescription after prescription fail to help hundreds of his customers to get rid of rheumatic swellings and stiff inflamed joints.

And it was this same man who asserted that a remedy could and would be compounded that would make creaky, swollen, tormented joints work with just as much smoothness as they ever did.

Now this prescription, rightly named Joint-Ease, after being tested successfully on many obstinate cases, is offered through progressive pharmacists to the millions of people who suffer from ailing joints that need limbering up.

Swollen, twingy, inflamed, stiff, pain-tormented joints are usually caused by rheumatism, but whatever the cause Joint-Ease soaks right in through skin and flesh and gets right to and corrects the trouble at its source.

Remember Joint-Ease is for ailments of the joints, whether in ankle, knee, hip, elbow, shoulder, spine or finger, and when you rub it on, you may expect speedy and gratifying results.

It is now on sale at druggists everywhere for 60 cents a tube.

Always remember, when Joint-Ease gets in joint agony gets out—quick.

M. J. orders filled, cash or C. O. D., Pope Laboratories, Hallowell, Maine.

## PRAISES AMERICAN SYSTEM

THE editor of "The Manufacturer" recently had urgent need of communication between his Salem office and San Francisco. He turned to his desk phone and put in a station to station call (not asking for a particular person). Scarcely had he replaced the receiver, when the answer came over 700 miles of wire. He asked the operator for speed and he certainly got it.

A letter would have taken two days for transmission and delivery; a personal round trip would have required four days. Instant action was necessary and so the telephone was utilized.

That is the service private enterprise gives in lieu of leisurely, disinterested, public-ownership inefficiency. It is the reason for there being more telephones in the United States than in all the rest of the world, and many times as many phone messages per capita as in other lands. It is the reason for freight rates being less than one cent per ton mile in America, as compared with almost 3 cents per ton on state-owned railroads of New South Wales.

Private enterprise, that can feel the joy of progress and of serving an appreciative clientele, and compete fairly with other rival agencies, has built up the American telephone, the American railroad, American public utilities and the whole American habit of competitive, progressive business thought.

Such service as rendered on this Salem-San Francisco phone call is a tribute to the whole American system of encouraging and rewarding individual enterprise. Not only should the telephone company feel proud of employees who render such service but an employee must get a wonderful thrill and real enjoyment out of working for an institution which furnishes equipment to make such public service possible.

## RED CROSS AIDED MINNESOTA

In former years we have looked upon the Red Cross as a national institution aiding Russian famine sufferers, Japanese earthquake victims, in fact aiding to relieve suffering in fire, famine and flood disasters everywhere except in our own state or immediate vicinity.

But last year the Red Cross extended aid very near Brainerd, the Milford mine disaster on our Cuyuna iron range. And the state at large received aid too, for statistics show that the Red Cross was called upon during the last year to expend \$14,000 more in Minnesota than was brought in during the campaign for members in 1923.

In reviewing the work of the organization, the St. Paul Daily News states further that the organization has, in other words, a deficit of \$14,000, which has to be met out of the membership fees collected this year. In addition enough money must be collected to carry on the work demanded by the public during the coming year.

Everyone knows what the Red Cross has done. Everyone wishes that work continued. Consequently it is up to everyone to see that the required funds are provided.

THE Literary Digest poll was remarkably accurate. Of course, in a straw vote, no one can expect complete accuracy. It showed the overwhelming strength of the Coolidge vote. It over-emphasized, however, the strength of La Follette. The Literary Digest was wrong on only two states, Oklahoma and Kentucky. It gave Oklahoma to Coolidge instead of Davis. It gave Kentucky to Davis instead of Coolidge. It was wonderful journalistic enterprise to make the poll and carry it out conscientiously, and it cost a lot of time and money.

It is said the newly organized Ladies band of Brainerd will be so thoroughly rehearsed this winter that it will be able to take its place in the Elks gigantic parade at the time of the State Convention in Brainerd. There will no doubt be three bands of Brainerd in line, the Municipal, Boys band and the Ladies organization. Some 15 bands, several drum corps, male choruses, quartets, etc., are expected in the city, all contributing to a wonderful feast of music.

THE saddest disappointment in all life is for a man to spend hours duck hunting and then bring home one measly specimen which his wife absolutely refuses to prepare and cook. One of these ducks is reported to be worth some \$2 or more a pound and represents untold finesse, labor, perspiration, etc., to attain. Only a real duck hunter, not one who buys his trophies, knows what is involved in a hunting trip.

SCIENTISTS are all excited over the discovery of water figured to be some ten million years old. It had been preserved in quartz since an age before life began to appear on this earth. The water is clear and sparkling in its crystal container. The scientists are as much agitated over the matter as you or I would be finding a quarter in a discarded vest or something or other something else in a neglected bureau drawer.

DAN WALLACE, editor and publisher of the "St. Paul Farmer" is being urged as a candidate for the secretary of agriculture post in Coolidge's cabinet. He has already been endorsed by seven leaders in farm movements, representing more than 20 farm cooperative organizations and farmer assisting bodies, also the Minnesota Potato Growers exchange.

PRESIDENT COOLIDGE received a flock of telegrams of congratulation and bouquets, etc., but he just gritted his teeth, took up his pen and papers as he settled in his office chair and stuck to his task clearing up business of state. There was no interruption in business, so far as Cal is concerned.

AT last it's out. A professor of sociology at the University of Minnesota has discovered that women can never hope to compete with men in industry, because they never stick very long to their job. A survey made in St. Paul shows that five years is the average tenure of sticking to a job.

AMERICANS view askance the tong wars of the Chinese. But right on our own soil we see a beer war waged in Chicago and one beer bootlegging leader killed. It may fan to intensity a gang warfare as deadly as any tong feud.

RUSH FOR FAME  
AT HOLLYWOOD  
NOW IN VOGUE

(Continued from Page 1)

"The man who is willing to do anything may end by doing nothing. He comes out here to be an actor and ends by being always a property man."

## Reading Subtitles

Everyone in the world hates the nit-wits who read the subtitles aloud in the motion picture theatres. The public at large will rise up and cheer to learn that the first definite steps against the babblers may be taken when "The Merry Widow" is exhibited. It will not be necessary to wreak justifiable homicide against them. The law will take its course.

When the screen rights were purchased to the famous light opera, to be filmed by Metro-Goldwyn-Mayer with Erich Von Stroheim directing and Mae Murray starring in the title role, the contract definitely stated that no spoken word of the original book of the opera may be used in the theatre in which it is showing. The text may be used as printed matter on the screen—the subtitles—but anyone speaking a line from the play is liable to a heavy fine. So if they read 'em aloud, the gendarmes may get 'em if they don't watch out.

## Warning to Flappers

Flappers, take warning. If you plan to change your hair, dress so your ears show. Listen to Colleen Moore's experience: For the first time in years the famous flapper of the movies is called upon to publicly exhibit her ears for her role in "So Big," a new film in which she portrays the girl of 1890.

Drafts at the studio on her tender ears brought on neuralgia, according to Colleen's physician. Now she's wearing ear-muffs between scenes to prevent further suffering.

So if you plan to expose your ears, buy your ear-muffs first.

## TYPES OF TUBERCULOSIS

There are four recognized types of tuberculosis and these are caused by four different germs or bacilli. They are the human type, the bovine or cattle type, the avian or that affecting birds and the ichthyian or type affecting the cold blooded animals, fish and reptiles.

These four types are quite distinct and the germs can be distinguished from each other principally by cultural reactions. We are more interested in the types affecting the human being, or the human type and the bovine or cattle type. The cold blooded animals are attacked by the type affecting them but this is not very common, birds are affected with their type with more frequency. In cattle, tuberculosis is a common disease, cats and dogs are not affected and pigs only occasionally. Cattle tuberculosis is a very serious disease and problem in some places and is also responsible for most of the bone and gland tuberculosis in children, the infection being carried to them through the milk from the infected cattle and may also be carried through the meat from them. The bovine type rarely causes lung disease in man, but is a possibility. Man is not susceptible to the bird and cold blooded types nor are animals susceptible to the human type, except guinea pigs and monkeys and possibly a few others. Rabbits are very susceptible to the cattle type and this animal is used as a means of differentiating the human and bovine organisms.

Cattle tuberculosis is not only a menace to the people using the milk from these cattle but also as an economic problem to the farmer as one infected animal may pass the infection to the whole herd, just as the infection is passed by careless people with the disease to their families and many others. Many are not familiar with the testing of cattle for this disease. The study of cattle tuberculosis in Europe has led to the discovery of many facts that have greatly aided our fight with the human variety.

Deerwood Sanatorium, Deerwood,  
November, 1924 Minn.

## BRAINERD'S ODDEST STORIES OF TODAY

A telephone report, rather garbled in transmission, came to Bill Turcotte this afternoon that the hunting party composed of E. H. Perry, Fremont Turcotte and Art Drogseth had shot deer near Grand Rapids and that Art, while in the woods after a bear, had been chased by such an animal. In the circle made through the woods, said Bill, it was difficult to ascertain at the time whether Art was chasing the bear or the bear was chasing Art. Perry's flyver carried the party and was expected to buck the snowdrifts easily on the home trip.

## Hornsby Is the Logical

### Successor to H. Wagner

Rogers Hornsby is wearing the mantle that Hans Wagner tossed aside in the National league when he retired several years ago, writes H. G. Salsinger, in the Detroit News. Hornsby is the logical successor to Wagner. Gradually the playing value of Hornsby is becoming established. He has been a star for several years, but because of his hitting, his fielding was overlooked.

At the end of Hughie Jennings' first year with the Giants after he left the American league for the National, he said of Hornsby:

"He is the most under-rated man in baseball, the least appreciated. Hornsby is one of the best fielders the game has produced. He doesn't get credit for it. One reason is his style, another his hitting. A man that hits as well as Hornsby is regarded so highly as a hitter that people overlook his work in the field. They watch him closely only at bat."

## Lead Roofs Need Attention

The leaden roofs of some of England's old churches, a heritage from medieval times, occasionally have to be melted down, rolled over and then replaced. The lead itself is indestructible, but it has been found that at the end of every 200 years the metal should be recast to give the best results as a roofing material.

## Simultaneous Ideas

Darwin originated the natural selection theory of evolution, so far as he himself was concerned, but it is a curious fact that by an extraordinary coincidence Alfred Russel Wallace formulated the same theory at the very same time of its utterance by Darwin. Both men published articles presenting this theory in the same number of the Journal of the Linnaean society in 1858.

## HEAD STUFFED BY CATARRH? USE A HEALING CREAM

If your nostrils are clogged, your throat distressed, or your head is stuffed by mussy catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—Adv't.

## DULL-HEAVY?

In **FORCE TONIC** you'll find the snap and pep to do things with a relish. A natural strength maker, **FORCE TONIC** will infuse new life and new energy into your flagging, drooping body.

FOR SALE BY ALL DRUGGISTS

## Humanity's Debt to America

In 1830, according to the Department of Agriculture, three hours of human labor were required to produce a bushel of wheat, and now it takes ten minutes. Farm invention, largely American, is one of the greatest contributions to human ease and well-being in the last century.

## Least He Could Do

"Do you stand back of every statement you make in your newspaper?" asked the timid little man. "Why—er—yes," answered the country editor. "Then," said the little man, holding up a notice of his death, "I wish you would help me collect my life insurance."—Capper's Weekly.

## Self-Help

Self-help is a great virtue, provided one only helps oneself to a fair share. The ideal of independence is to acquire as little service as possible from others, while being ready to give to others as much service as lies within one's capacity.

## Drive Away Mice

If a trap, or the best remedy, a cat, is objected to in ridding a house of mice, try plugging the mouseholes with bits of sponge or cotton wool saturated with oil of peppermint, and sprinkle the oil in places frequented by the pests.

## Kentucky Special

95% pure heat. 3% ash means only a bushel of ashes to carry out for each ton of coal burned.

We are still selling the famous "Zeigler" Nut sootless range coal.

Both these coals are exclusive with us and when once used they become your regular coal "stand-by's."

## Humanity's Debt to America

In 1830, according to the Department of Agriculture, three hours of human labor were required to produce a bushel of wheat, and now it takes ten minutes. Farm invention, largely American, is one of the greatest contributions to human ease and well-being in the last century.

## Least He Could Do

"Do you stand back of every statement you make in your newspaper?" asked the timid little man. "Why—er—yes," answered the country editor. "Then," said the little man, holding up a notice of his death, "I wish you would help me collect my life insurance."—Capper's Weekly.

## Self-Help

Self-help is a great virtue, provided one only helps oneself to a fair share. The ideal of independence is to acquire as little service as possible from others, while being ready to give to others as much service as lies within one's capacity.

## Drive Away Mice

If a trap, or the best remedy, a cat, is objected to in ridding a house of mice, try plugging the mouseholes with bits of sponge or cotton wool saturated with oil of peppermint, and sprinkle the oil in places frequented by the pests.

## Kentucky Special

95% pure heat. 3% ash means only a bushel of ashes to carry out for each ton of coal burned.

We are still selling the famous "Zeigler" Nut sootless range coal.

Both these coals are exclusive with us and when once used they become your regular coal "stand-by's."

## REPORTS ON STATE P. T. CONVENTION

Mrs. S. Newman, Who Attended Duluth Meeting, Relates Incidents at Washington-Lincoln Gathering

GAVE REPORT AT DEERWOOD

State Organization Started With 500 Members And Now Has 14,341 Members

The Washington-Lincoln parent-teachers association met on Wednesday afternoon. A feature of the program was Mrs. S. Newman's report on the state convention, held in Duluth October 29, 30 and 31st. At the request of members from various parent-teachers associations in Brainerd, the Dispatch is printing this report, which Mrs. Newman also gave at Deerwood at the request of the State President, Mrs. Quamme. Mrs. Newman went to the convention as a delegate from the Washington-Lincoln association. Following is her report:

The convention opened with a banquet at the Commercial club at 6:30 o'clock with 450 guests, and delegates from 57 cities and from Duluth. The high school orchestra played, and the community singing was led by the supervisor of music of the Duluth schools.

Mrs. Burke, vice president at large, presided. She gave a short talk on work of the association, stating that children cannot be brought up on a casual basis of understanding. The increasing complexity of modern life and growth of scientific knowledge, demands a continuous process of study and thinking, said the speaker, both by parents and teachers. In response to this demand, parent-teachers associations were organized and are spreading faster and faster throughout the country. A special plea was made to get all parents interested.

The meeting was then turned over to W. E. Green, who made a very capable and humorous toastmaster. He stated that his interest in the association was in his wife's name, and that he would conduct the meeting according to school rules.

Mrs. A. A. Mendenhall, president of the federated association was the first speaker, using as her theme, "It is more important to shape a child's character than the making of laws, building ships or manufacturing." She pleaded for more cooperation toward this end in the future.

Leonard Young, superintendent of the Duluth schools, made the address of welcome. His subject was, "Let a little child lead you," complimentary to the cause of the founding of the great national organization.

Mrs. James Gray, as a farmer's wife, spoke on the part the association should take in improving rural education. She stated that more than sixty per cent of the school children of the United States attend rural schools. These schools are not properly equipped, and the teachers have insufficient training, asserted the speaker, who pleaded for an equal opportunity for all, following a program of rural organization, rural health service and rural education. It is not as important who is at the White House for the next four years, said Mrs. Gray, as it is who is to go to the polls in the next forty years.

Greetings from the Duluth board of education were presented by its chairman, F. D. Knight, who brought out the fact that the Duluth parent-teachers association, organized in 1915 now has 36 clubs or units.

Mrs. Quamme, state president, responded to the address of welcome, presenting the state officers with a fitting tribute to each. The aim of the association for the coming year, said the president, is first to make the clubs more efficient, second, to reduce the spreading of contagious diseases, third, the education of parents, and fourth to work for legislative measures toward the making of better schools.

The state organization started two years ago, said Mrs. Quamme, with 500 members, and has grown to 14,341 members at present.

J. P. Vaughan, president of the state educational association, spoke on "The Objectives in Education." Education is the development of personality, contended the speaker, and it must have its basis in character. He spoke of the parents' trust and confidence in sending their children to school. The early education is more important to the child than what is learned later. Education enables a student to see the thing that is best to do, to be willing to do it and do it well, continued Mr. Vaughan.

Environment plays an important part in bringing up children, said the speaker, and this is the part that

the parent takes in shaping the child's character, while the teacher helps the child to meet the demands of society. Three important traits should be instilled in children: Individuality, character, development of instrumental powers.

The business meeting of the association opened on Thursday morning with the treasurer's report, which showed that 217 clubs, with 14,341 members, had gained 83 new members since the first of the year.

The secretary's report revealed that 750 questionnaires were sent out through the state; that 7,151 rural schools in the state had very few associations; as was also the case of the 256 high schools; 165 towns are without associations, and there are 242 clubs not affiliated with the state organization.

Mrs. Quamme stated that each association should study the need in the local community and try to assist in working them out; that one program each year should be devoted to health and prevention of contagion; and asked that the best possible books be secured for the child's home reading.

Mrs. Summers, chairman of the educational committee, stressed the importance of pre-school age teaching for life's future. She closed with a plea for each member to give definite information to any member ignorant of state work.

"We cannot live without music," was the contention of the chairman of the music committee, who recommended that junior high schools especially employ instructors of instrumental music.

Mrs. Julia Newton of the Home Service department, gave the following definition for a child's future: "A home where two parents live together, love each other and teach by example as well as by precept." She stressed the importance of four fundamentals, honesty, sympathy, reverence and industry.

Miss Harriet Wood, chairman of the home education committee, emphasized the available libraries' service in rural districts, and the need for obtaining maximum state aid for books, the providing of books where there is no library, and the borrowing of books from traveling libraries.

Mrs. A. D. DeLaitre, chairman of supervised play committee, hope that this recreation could be established in every district, and that if there is no room for it, she advocated school community centers. Such action raises the moral standards of children and promotes character, said the speaker.

In the round table discussion that followed, led by Dr. Lillian Nye, it would brought out that at least one meeting a year should be devoted to sex hygiene, and that study groups for parents in this subject would be organized. Best results are obtained by analysing individual children and converting sex energy into play energy. Much sex trouble begins in dance halls, it was asserted, and it was recommended that dancing communities be organized in the schools. Gain the confidence of the child, so that he will come to you with both his worries and his joys. Prevent smoking among women. It was stated that 80 per cent of the babies born to mothers who smoke die in their first year of life. Parents of children of adolescent age were asked to be careful of dress and artificial make-ups. Children should be taught to look forward to love, marriage and parenthood.

At the luncheon reports were received from associations from over the state, at which time Brainerd's reports were made. Mankato reported that the fathers were included in its association.

In discussing better motion pictures, it was disclosed that the village of Virginia has an examining committee representing all nationalities, which looks into all pictures shown. A weekly bulletin is published.

## IF SKIN BREAKS OUT AND ITCHES

### APPLY SULPHUR

Just the moment you apply Menthol-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin, in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Menthol-Sulphur at any drug store. —Adv.

lished in the local paper every Saturday, with the list of pictures, graded according to the interest of children, high school pupils, adults, or the entire family. This committee reports to the national board of review, and is very successful.

Dr. D. C. Lockhead's address was very interesting. For strong body-building, he commended such foods as milk, fresh fruit, green vegetables whole wheat and cooked cereals. Under nourishment is not always due to the fact that the child does not get enough to eat, but rather is a lack of proper food. Tuberculosis in children is due in many cases from drinking milk from affected cows. The death rate from this disease has been reduced 42 per cent in the last ten years, said the doctor.

The home should be the center for the gang, said Dr. Caroline Hedget, who spoke on the adolescent child. No kitchen should be too clean for a taffy pull; no living room too immaculate for an impromptu dancing party. Lack of understanding on the part of parents of adolescent children results in sensitiveness, awkwardness and solitary adolescence, said the speaker.

Competitive teams, the star system, house-to-house canvas, were means suggested for increasing an association's membership, as reported by the membership committee at Friday morning's session. It was stated that a member's interest could often be best held by placing that member on some committee. Hospitality and good fellowship would do much toward keeping up interest and gaining new members. Three avenues of publicity were mentioned, the press, the pulpit and the word of mouth method used by members.

Each person has three natures, it was declared, the physical, mental and spiritual, each of which should have a balanced training. Stress was laid on religious education, as a means of combating undesirable emotions.

In preparing programs for meetings, clubs should plan to discuss timely subjects, hold question boxes, have community singing, plan short, snappy business sessions, and induce the fathers to handle a meeting now and then. Stunts worked out by parents are often instructive and interesting.

Mr. Craig lectured on the subject,

"Spiritual Illiteracy," and stated that five and one-half million adult illiterates live in the United States, but that spiritual illiteracy is even more dangerous than mental. He pleaded for family prayers, and grace at meals. He said that the Jews devote 300 hours a year to religious instruction, Catholics give 200 hours each year, and protestants only 40 hours. He recommended week-day schools for religious training.

Many other speakers repeated and enlarged upon topics brought out by those mentioned above, all of which were most instructive. The convention closed with the declaration, "And a little child shall lead them." Next year's convention is to be held at Mankato. Mrs. Quamme was re-

elected president of the state association.

## Simple Mixture Best For Constipation

Simple buckthorn bark, magnesium sulphate, glycerine, etc., as mixed in Adlerika, is excellent for constipation. It often works in one hour or less and never gripes. The pleasant and QUICK action of this efficient intestinal evacuant will surprise you. Adlerika helps any case on the stomach, unless due to deep-seated causes. Often removes matter you never thought was in your system. Johnson's Pharmacy. —Adv.

## A little Woolworth building of woolen underwear boxes

## GOITRE

Mr. M. J. Gittens, 934 S. Clay Street, Green Bay, Wisconsin, on May 11, 1922, said:

"My wife has a goitre and the doctors told her she would have to have it operated on. But since she has used Whole Grain Wheat it has entirely disappeared."

Mr. J. T. Mick, Tipton, Kansas, wrote October 31, 1922:

"I have eaten Whole Grain Wheat for over thirteen months. During that time I've gained forty pounds in weight and my goitre is cured."

Mr. John P. Berilla, 523 South Wright Ave., Tacoma, Washington, June 30, 1922, wrote:

"My stomach does not trouble me any more; constipation and goitre have faded away, and I have gained eight pounds. I owe this to Whole Grain Wheat."

Miss Alice Mooney, Bardstown Junction, Kentucky, wrote February 21, 1923:

"I received so much benefit from the goitre diet. My goitre is about half as large as it was."

Miss Margaret A. Scanlon, 208 Kasota Bldg., Minneapolis, Minnesota, wrote May 22, 1922:

"The goitre is reducing rapidly."

Mr. J. J. Nolan, in the Money Order Division of the Post Office in Chicago, was at the Veterans' Hospital in Maywood, Ill., for an operation for goitre but decided to change his food instead, and on the day President Harding died he began the use of Whole Grain Wheat. Within less than three months his goitre disappeared entirely and he had gained 18 pounds.

The correction of goitre by the use of Whole Grain Wheat is always accompanied by the correction of other disturbances. So strongly has this principle been established and so certain are the benefits of its use, the manufacturers lay down the broad guarantee that if any goitre sufferer (inward or outward) will use the natural food to the extent of two and a half ounces twice each day, and does not show definite improvement in the condition by the end of six weeks the purchase price will be refunded without argument. The user will be the sole judge.

Further information will be furnished without obligation. Send us your name and address.

## Open car when you want it —an enclosed car in 30 seconds

WITH the new-type Studebaker Duplex you may take your choice—ride in an open car if you like—enjoy the cool, fresh air and healthful sunshine.

Then in 36 seconds—without even leaving your seat—it can be changed to a deeply cushioned, richly appointed, fully protected enclosed car. It's no fuss or bother at all—simply lower the roller enclosures—it's so easy a child can do it.

No more hurried efforts to put up curtains in the wind and rain.

No more hunting for the right one while the storm beats in.

No more exposure through holes torn in

them while trying to obtain for the emergency the protection given by a closed car.

For in the Duplex the side enclosures are instantly accessible—yet rolled up safely out of the way when not in use.

If this two-fold utility were the only feature of the new Studebaker cars they would still be a sensational value—but there are many others.

New body lines—new beauty—more powerful engines—new ease of gear shifting—genuine balloon tires—and the easiest steering car you ever drove.

In justice to yourself—see this car today.

## REPORTS ON STATE P. T. CONVENTION

Mrs. S. Newman, Who Attended Duluth Meeting, Relates Incidents at Washington-Lincoln Gathering

### GAVE REPORT AT DEERWOOD

State Organization Started With 500 Members And Now Has 14,341 Members

The Washington-Lincoln parent-teachers association met on Wednesday afternoon. A feature of the program was Mrs. S. Newman's report on the state convention, held in Duluth October 29, 30 and 31st. At the request of members from various parent-teachers associations in Brainerd, the Dispatch is printing this report, which Mrs. Newman also gave at Deerwood at the request of the State President, Mrs. Quamme. Mrs. Newman went to the convention as a delegate from the Washington-Lincoln association. Following is her report:

The convention opened with a banquet at the Commercial club at 6:30 o'clock with 450 guests, and delegates from 57 cities and from Duluth. The high school orchestra played, and the community singing was led by the supervisor of music of the Duluth schools.

Mrs. Burke, vice president at large, presided. She gave a short talk on work of the association, stating that children cannot be brought up on a casual basis of understanding. The increasing complexity of modern life and growth of scientific knowledge, demands a continuous process of study and thinking, said the speaker, both by parents and teachers. In response to this demand, parent-teachers associations were organized and are spreading faster and faster throughout the country. A special plea was made to get all parents interested.

The meeting was then turned over to W. E. Green, who made a very capable and humorous toastmaster. He stated that his interest in the association was in his wife's name, and that he would conduct the meeting according to school rules.

Mrs. A. A. Mendenhall, president of the federated association was the first speaker, using as her theme, "It is more important to shape a child's character than the making of laws, building ships or manufacturing." She pleaded for more cooperation toward this end in the future.

Leonard Young, superintendent of the Duluth schools, made the address of welcome. His subject was, "Let a little child lead you," complimentary to the cause of the founding of the great national organization.

Mrs. James Gray, as a farmer's wife, spoke on the part the association should take in improving rural education. She stated that more than sixty per cent of the school children of the United States attend rural schools. These schools are not properly equipped, and the teachers have insufficient training, asserted the speaker, who pleaded for an equal opportunity for all, following a program of rural organization, rural health service and rural education. It is not as important who is at the White House for the next four years, said Mrs. Gray, as it is who is to go to the polls in the next forty years.

Greetings from the Duluth board of education were presented by its chairman, F. D. Knight, who brought out the fact that the Duluth parent-teachers association, organized in 1915 now has 36 clubs or units.

Mrs. Quamme, state president, responded to the address of welcome, presenting the state officers with a fitting tribute to each. The aim of the association for the coming year, said the president, is first to make the clubs more efficient, second, to reduce the spreading of contagious diseases, third, the education of parents, and fourth to work for legislative measures toward the making of better schools.

The state organization started two years ago, said Mrs. Quamme, with 500 members, and has grown to 14,341 members at present.

J. P. Vaughan, president of the state educational association, spoke on "The Objectives In Education." Education is the development of personality, contended the speaker, and it must have its basis in character. He spoke of the parents' trust and confidence in sending their children to school. The early education is more important to the child than what is learned later. Education enables a student to see the thing that is best to do, to be willing to do it and to do it well, continued Mr. Vaughan.

Environment plays an important part in bringing up children, said the speaker, and this is the part that

the parent takes in shaping the child's character, while the teacher helps the child to meet the demands of society. Three important traits should be instilled in children: Individuality, character, development of instrumental powers.

The business meeting of the association opened on Thursday morning with the treasurer's report, which showed that 217 clubs, with 14,341 members, had gained 83 new members since the first of the year. The secretary's report revealed that 750 questionnaires were sent out through the state; that 7,151 rural schools in the state had very few associations; as was also the case of the 256 high schools; 165 towns are without associations, and there are 242 clubs not affiliated with the state organization.

Mrs. Quamme stated that each association should study the need in the local community and try to assist in working them out; that one program each year should be devoted to health and prevention of contagion; and asked that the best possible books be secured for the child's home reading.

Mrs. Summers, chairman of the educational committee, stressed the importance of pre-school age teaching for life's future. She closed with a plea for each member to give definite information to any member ignorant of state work.

"We cannot live without music," was the contention of the chairman of the music committee, who recommended that junior high schools especially employ instructors of instrumental music.

Mrs. Julia Newton of the Home Service department, gave the following definition for a child's future: "A home where two parents live together, love each other and teach by example as well as by precept." She stressed the importance of four fundamentals, honesty, sympathy, reverence and industry.

Miss Harriet Wood, chairman of the home education committee, emphasized the available libraries' service in rural districts, and the need for obtaining maximum state aid for books, the providing of books where there is no library, and the borrowing of books from traveling libraries.

Mrs. A. D. DeLaitre, chairman of supervised play committee, hope that this recreation could be established in every district, and that if there is no room for it, she advocated school community centers. Such action raises the moral standards of children and promotes character, said the speaker.

In the round table discussion that followed, lead by Dr. Lillian Nye, it would brought out that at least one meeting a year should be devoted to sex hygiene, and that study groups for parents in this subject would be organized. Best results are obtained by analyzing individual children and converting sex energy into play energy. Much sex trouble begins in dance halls, it was asserted, and it was recommended that dancing communities be organized in the schools. "The goitre is reducing rapidly."

Mr. J. J. Nolan, in the Money Order Division of the Post Office in Chicago, was at the Veterans' Hospital in Maywood, Ill., for an operation for goitre but decided to change his food instead, and on the day President Harding died he began the use of Whole Grain Wheat. Within less than three months his goitre disappeared entirely and he had gained 18 pounds.

The correction of goitre by the use of Whole Grain Wheat is always accompanied by the correction of other disturbances. So strongly has this principle been established and so certain are the benefits of its use, the manufacturers lay down the broad guarantee that if any goitre sufferer (inward or outward) will use the natural food to the extent of two and a half ounces twice each day, and does not show definite improvement in the condition by the end of six weeks the purchase price will be refunded without argument. The user will be the sole judge.

Further information will be furnished without obligation. Send us your name and address.

## Open car when you want it —an enclosed car in 30 seconds

WITH the new-type Studebaker Duplex you may take your choice—ride in an open car if you like—enjoy the cool, fresh air and healthful sunshine.

Then in 36 seconds—without even leaving your seat—it can be changed to a deeply cushioned, richly appointed, fully protected enclosed car. It's no fuss or bother at all—simply lower the roller enclosures—it's so easy a child can do it.

No more hurried efforts to put up curtains in the wind and rain.

No more hunting for the right one while the storm beats in.

No more exposure through holes torn in

them while trying to obtain for the emergency the protection given by a closed car.

For in the Duplex the side enclosures are instantly accessible—yet rolled up safely out of the way when not in use.

If this two-fold utility were the only feature of the new Studebaker cars they would still be a sensational value—but there are many others.

New body lines—new beauty—more powerful engines—new ease of gear shifting—genuine balloon tires—and the easiest steering car you ever drove.

In justice to yourself—see this car today.

## DISTRICT COURT PROCEEDINGS

Case of State Against Frank Patrick  
And Nora Campbell Now on  
Trial

### ARRAIGNMENTS MADE

Ed. Ladeux Pleads Guilty to Liquor  
Charge, Rodi Perovich Pleads  
Not Guilty

In district court Wednesday afternoon and Thursday, the case of the state against Frank Patrick and Nora Campbell, charged with adultery, was on trial.

The jury on this case consisted of Victor Hillman, W. E. Entrioken, George Peterson, William Marohn, Mrs. Harry L. Stearns, J. P. Early, John P. Goedderz, W. Wunderlich, Peter Paulson, S. R. Henke, Frank Kleim and Severn Swanson.

The state opened its case, calling as witnesses, Dan Campbell, Theodore Nesheim, Henry Stein and Fred J. Reid. Frank Patrick was called in his own behalf.

The case of the state against Ed. Ladeux was called, the defendant pleading guilty to a charge of selling liquor. He was sentenced to pay a fine of \$150 and sixty days in jail, with an additional sixty days in jail in the default of payment of the fine. The jail sentence was suspended until the May term of the district court, pending good behavior.

Rodi Perovich plead not guilty to a charge of selling liquor, and his bail was fixed at \$300.

William Luce and Mrs. Ralston, charged on an indictment with the sale of intoxicating liquor, was called. Mrs. Ralston appeared before the court and plead not guilty.

Emanuel Buschman, who was convicted on May 20th, on a charge of manufacturing liquor, and sentenced to pay a fine of \$300 and sixty days in jail, was again before the court. At the time of conviction, Buschman's jail sentence was suspended, pending good behavior, but it appeared to the court today that Buschman has engaged in the manufacture of intoxicating liquor in the meantime, and the suspension was ordered revoked, and the defendant ordered to serve the sixty-day jail sentence.

### IN MUNICIPAL COURT

3 Liquor Cases on the Docket, Two  
Are Bound Over to District  
Court

In municipal court Wednesday, Ed. Ledoux, charged with selling liquor, was arraigned and waived examination. He was held to the await the action of the district court at its present session, bonds being fixed at \$300.

Eli Dobrovich, arraigned on a charge of selling liquor, waived examination and was bound over to the district court, bonds being fixed at \$300 or a \$500 cash bond.

Charles Backala, whose true name is Charles KasKela, plead guilty to a charge of intoxication, and was fined \$10.

### Dorcas Society

The Dorcas society of the Swedish Bethany church will be entertained on Friday evening, November 14th, by Mrs. Frank Anderson and Mrs. Elmer Dahl, at the home of the latter, 302 First avenue, Northeast.

Members are urged to be present and visitors are welcome.

### Bethlehem Lutheran Aid

The ladies of the Bethlehem Lutheran church will have a sale and supper Saturday afternoon from 5 to 8 o'clock in the church parlors. It is hoped all friends will keep this in mind. The busy business men will be served in a hurry.

### Women's Relief Corps

The Women's Relief Corps will hold their regular meeting Friday afternoon at 2:30 at the I. O. O. F. hall. The president would like to have each member present as special business is to be brought up.

### Philathea Bible Class

The Philathea Bible class of the M. E. church will meet at the home of Mrs. J. C. Britton, 941 South Seventh street, Friday evening November 14th. All members are urged to be present, and visitors are welcome. The entertaining ladies are Mesdames Britton, Risberg and Franson.

### THANK YOU!

To my Many Friends:-

Thank you heartily for the generous support that brought about my election as Probate Judge. I shall do my utmost to justify your choice.

## N. W. HOSPITAL SCHOOL OF NURSES

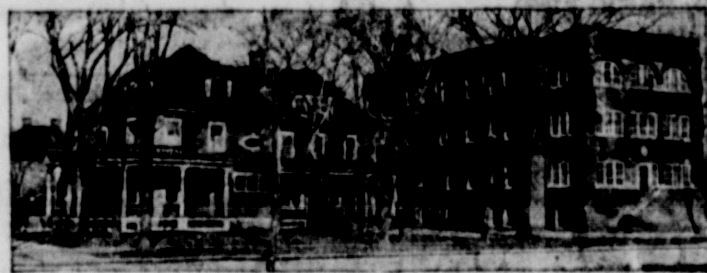

Preparing For an Enlarged Future  
by Adding New  
Instructors

### MISS CROWL, NEW SUPT.

Miss Lennie Wenstrom And Miss  
Selma Vattling Added  
to Staff

The School of Nurses of the Northwestern Hospital of Brainerd is preparing for an enlarged future. The new Superintendent of Nurses, Miss Margaret Crowl, is a member of the State Board of Examiners for Nurses and is one of the finest educators in this line in the State of Minnesota. The friends of the hospital will be gratified at the success which the new management had in bringing Miss Crowl to Brainerd. The nurses, who receive training under her direction will find themselves splendidly equipped for their profession.

Another of the recent acquisitions to the hospital staff is Miss Lennie

Northwestern Hospital Now Directed by Protestant Churches Hospital Association

Wenstrom who has had five years of experience in surgical work, has had experience as Surgical Supervisor at Precator, Floor Supervisor in Abbott Hospital, Minneapolis, anaesthetist in Fairview and two years Supervisor at Maternity Hospital in Minneapolis. She will have charge of the surgical and maternity work.

Miss Selma Vattling who recently graduated from St. Barnabas Hospital, Minneapolis will be the night Supervisor.

The fact that the Northwestern is so modernly built and so thoroughly equipped, together with the fine personnel of the nursing staff, will make this one of the best training schools in the Northwest. The school is preparing to care for larger classes and could accommodate six new girls to enter training at once.

The people of this community will be glad to know that Northwestern Hospital is to continue its good work under the direction of the Protestant Churches Hospital Association.

### MISS LAURA JOHNSON ON RADIO

Broadcasted an Address on "Advertising" this Afternoon from Sears-Roebuck Station

Miss Laura Johnson, of Chicago, daughter of Mr. and Mrs. C. D. Johnson of this city, broadcasted an address from the Sears-Roebuck station this afternoon, at 3:45 o'clock.

Miss Johnson is prominent in advertising circles, and has made for herself an enviable reputation in the advertising field. She is president of the Chicago Ladies' Advertising club, and in this capacity is broadcasting the address on advertising this afternoon.

Many local people with radio sets "listened in" on this address.

### Card of Thanks

We wish to thank our friends and neighbors for their kindness shown us during the illness and death of our beloved husband and father; and for the beautiful floral offerings.

Mrs. Wm. Fenske,  
Mr. and Mrs. Adolph Denis,  
Max, Ray, Lina and

Alma Fenske.

## ALL STAR CAST IS ASSEMBLED

League of Women Voters to Present  
the Play "Who Defeated  
Dongan"

### PLAY NIGHT MONDAY, NOV. 17

Chamber of Commerce Rooms Houses  
Play, No Admission  
Charged

The all star cast that is being assembled for the League of Women's Voters play "Who Defeated Dongan" had their first meeting last night.

All decided that by doing intensive work it would be possible to put this play on, Monday evening, November 17th at the Chamber of Commerce.

Although this play is a splendid comedy the object is educational. In as much, therefore, as the seating capacity is limited, it is thought wise to invite only adults of voting age. No admission will be charged. The cast will probably be published in Friday's Dispatch.

### WORLD PEACE LECTURE

Hon. Clinton N. Howard to Speak at  
First Congregational  
Church

Hon. Clinton N. Howard, chairman of the World Peace Commission, who is to speak on "World Peace and How to Obtain It" at the First Congregational church on Tuesday evening of next week is now spending two weeks in the Twin Cities speaking in the interest of world peace. He will speak next Sunday night in the People's church, St. Paul.

Former U. S. Senator Frank J. Cannon said after hearing Mr. Howard speak on world peace before the ministers of Philadelphia, "It was one of the most dramatic addresses I ever heard."

## FANS WAITING FOR LANDIS TO TELL ALL Y. M. C. A. RUNNERS

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Nov. 13.—John Heydler's statement that "Commissioner Landis cleaned up the Giant baseball scandal decently in forty-eight hours seems to indicate that the president of the National League feels that the incident is closed. Perhaps it is, as far as he is concerned, because he seems to have turned over all his evidence to the commissioner and it really isn't his business to proceed any more than to turn over any more developments he may find to the commissioner.

Landis is the head of organized baseball. His position was created and he was retained for the job for the very purpose of acting in emergencies to keep the game clean and to maintain national faith and respect in the game.

Since the world's series closed and interest in baseball was tempered by the excitement resulting from a most thrilling football season, very little has been heard from official sources about the investigation that was to have been continued "until all the parties concerned are dead."

Ban Johnson, it is true, made a statement that he was going to continue an investigation on his own initiative, but the prospects for action were made rather vague, with the reminder that it took more than a year to get the goods on the White Sox players, who were in the big 1919 scandal.

Baseball in general retired for the season with a satisfied feeling that followed the victory of the Washington Senators over the New York Giants in the world's series. If Washington hadn't been such a popular winner, the fans might be sitting around now asking questions about the scandal instead of recounting the great battle made by Washington.

As long as there has been no national demand or no organized efforts to have the spade dug more publicly into the case, the commissioner may get the idea that the fans aren't particularly concerned now and that their curiosity might be satisfied with a few shouted words and some wild gestures that everything is all over and that there is nothing more to be done.

If there is any such feeling among the high officials of the game it would do them good to get around the country incognito and listen to some of the comment being made about the scandal. If Landis had been a little more liberal in giving details when the case was at its hottest point, he would have reduced the territory for the gossipers and would have avoided the opportunity for so many conjectures, guesses and "putting two and two together."

On a recent trip through the middlewest, it was discovered that there is far more curiosity about the scandal than easterners might believe. There is also a general opinion that the whole story has not been told and because of a lack of details the question has risen—"What really is behind all this?"

Colleen Moore, Frank Mayo and Sidney Chaplin  
in "The Perfect Fapper"

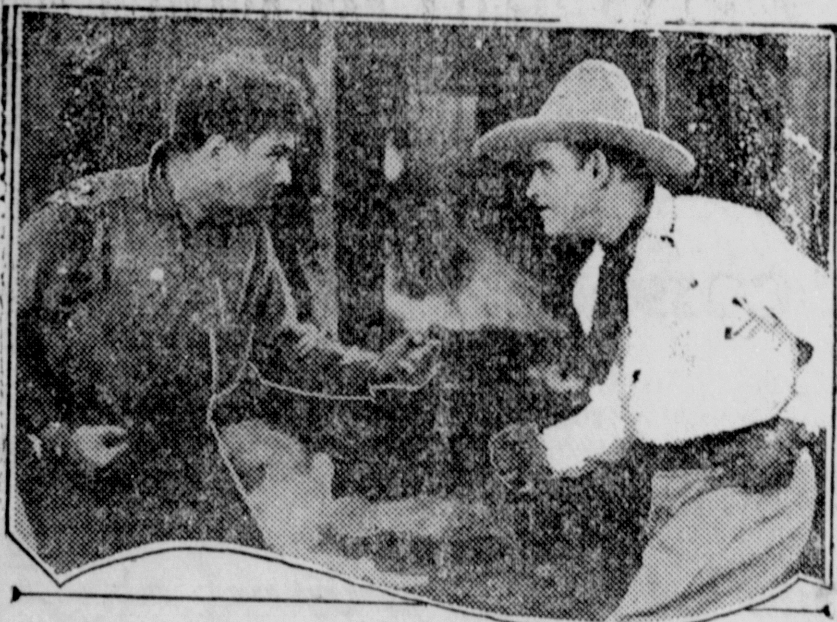

### What Sort of Girl Do the Boys Like?

The girl of today, herself a problem, has her own problem to face:

"What kind of a girl must I be to be the sort of a girl the boys want me to be?"

This is the theme of "The Perfect Fapper," Colleen Moore's new

starring vehicle, which is showing at the New Park tonight and Friday. The modern girl is thoroughly diagnosed and analyzed by Jessie Henderson, the author, John Francis Dillon, the director, and Colleen Moore, the star. The result is said to be a picture which outdistances "Flaming Youth" as an epic of the jazz age.

Scene from "PURE GRIT" Starring ROY STEWART  
A UNIVERSAL PICTURE

Roaring Western Romance at the Lyceum Tonight

Roy Stewart, Universal Western star, got out of his automobile at Universal City one morning and limped to his dressing room. He was met by Nat Ross, then directing him in "Pure Grit."

"Morning, Roy, for what reason?" asked Ross, indicating the star's limping gait.

Stewart, playing the role of a Texas ranger, had staged a fight the day before with Jere Austin, playing an escaped convict in the picture, "Pure Grit," showing at the Lyceum tonight and Friday, and Ross, the director,

had told the men to make it real.

Both men top the six foot mark and each weighs around two hundred pounds. The hero was supposed to win and win Stewart did, but not until the encounter had almost wrecked the set and both men had given and received many hard wallops.

When Austin appeared on the lot a few minutes after Stewart arrived, it was noted that he limped in both legs. But then, he had been knocked across a table and his shins were skinned.

The picture, "Pure Grit," is an adaptation of "The Texas Ranger,"

## ILLINOIS MENTOR PREPARES ELEVEN FOR SATURDAY MIX

SCORE NOW IS 89 TO 76 IN FAVOR OF THE Y. M. C. A.

PETERSON OF THE "Y" TAKES FIRST PLACE IN THE MILE RUN

The Y. M. C. A. runners kept their team in the lead in the series of races, by winning from the high school by the score of 60-50. This was the second race to be held between the teams. In the first race, the half-mile, the Y. M. C. A. won, 29-26. Last night the distance was one mile, twice around the park. The Y. M. C. A. now leads their opponents in the total score, 89-76.

Peterson won the first place again last night, nosing out Dillan in a thrilling sprint to the tape. Next week the teams meet in a two mile race, four times around Gregory park. The public is invited to come out and view them.

The order in which the men placed last night is as follows:

Pts.	1st—Lester Peterson, Y.M.C.A.	20
2nd—Alfred Dillan, Y.M.C.A.	18	
3rd—Stewart Gile, B.H.S.	16	
4th—Harry Drake, B.H.S.	14	
5th—Albert Swanson, B.H.S.	12	
6th—Howard Thorkildson, Y.	10	
7th—Norman Weber, Y.M.C.A.	8	
8th—Albert Rathert, B.H.S.	6	
9th—Gerhart Flaata, Y. M. C. A.	4	
10th—Emil Melfert, B.H.S.	2	

The leading point winners in the first two races are: Peterson, 30;

Dillan, 27; Swanson, 20; Drake, 18; Gile, 16.

## ILLINOIS MENTOR PREPARES ELEVEN FOR SATURDAY MIX

SCHULTZ LIKELY TO START AT McILWAIN'S HALF AGAINST MINNESOTA

TEAM IS KEYED UP FOR THE COMING BOUT WITH THE GOPHERS

Urbana, Ill., Nov. 13.—Minnesota and Ohio are two football foes who will tax the skill and strength of the Illini on the next two Saturdays. This is the prevalent opinion in the Illinois camp where Bob Zuppke is putting on the final touches for the engagement in the Gopher stadium.

Big Bernie Shively has been favored in practice this week as a possible starter at guard in place of Louie Slimmer. Shively, it is felt, had he not been injured early in the season, would have developed into an excellent lineman. He helped to plug up the holes in the Stagg field game last Saturday when he was inserted the second half. It looks as if "Zup" would not make any other changes. Wallie McIlwain's hand is still swathed in bandages and the chances are that the reliable Emil Schultz will replace him, at the start at least. Schultz played a pretty good game against the maroons.

It is safe to bet that the Illini will invade Minneapolis keyed up in their best licks. It will be a case of nothing to lose and everything to gain for the Gophers and reports are that

they will make a supreme effort to repulse Illinois.

Three Illinois scouts will inspect Ohio against Michigan Saturday. That the Bucks have a dangerous forward passing attack is already known. The Illini still recall the Ohio-Illinois battle of 1922 when Ollie Klee broke up things in the last period.

If you want to get into trouble, start speculation about the big ten championship in the vicinity of Robert C. Zuppke. "We count no chickens until they are hatched," he says. —St. Paul Daily News.

### Bemidji Wins

Bemidji, Nov. 13.—With the field covered with a thin coating of snow and a driving northwest wind bringing more snow and cold a fair-sized gathering of faithful but shivering fans watched one of the best games of the season on the local gridiron Tuesday afternoon when Bemidji high school defeated Duluth Cathedral 24 to 0 as a part of the Armistice day celebration under the auspices of the American Legion.

## Such popularity must be deserved

TO convert critics into enthusiasts, whether for a new school of music or for a cigarette, requires something more than luck. There's sound reason for every big swing in popular taste.

So, to account for Chesterfield's

swift rise, look to the cigarette itself, its tobaccos, its blending—in short, its taste. This one thing alone—its decidedly better taste—explains why thousands of smokers are changing from other cigarettes to Chesterfield.

### The Crooked Line

You need not be alarmed because you cannot walk straight with your eyes closed. The time to be alarmed is when you cannot do it with your eyes open! Few people can shut their eyes and walk in a straight line, for the simple reason that few pairs of legs are of exactly the same length. Thus, without the usual signs to guide one—a guidance, of course, unconsciously accepted—the steps become uneven.

### Famous Bags

A punching bag. The bag that the cat got out of. A bag of candy. A windbag. A bag of flour. First base. A potato bag. A grab-bag. A bag-pipe. A mailbag. A bag of tricks.—Chicago American.

# FANS WAITING FOR LANDIS TO TELL ALL

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Nov. 13.—John Heydler's statement that "Commissioner Landis cleaned up the Giant baseball scandal decently in forty-eight hours seems to indicate that the president of the National League feels that the incident is closed. Perhaps it is, as far as he is concerned, because he seems to have turned over all his evidence to the commissioner and it really isn't his business to proceed any more than to turn over any more developments he may find to the commissioner.

Landis is the head of organized baseball. His position was created and he was retained for the job for the very purpose of acting in emergencies to keep the game clean and to maintain national faith and respect in the game.

Since the world's series closed and interest in baseball was tempered by the excitement resulting from a most thrilling football season, very little has been heard from official sources about the investigation that was to have been continued "until all the parties concerned are dead."

Ban Johnson, it is true, made a statement that he was going to continue an investigation on his own initiative, but the prospects for action were made rather vague, with the reminder that it took more than a year to get the goods on the White Sox players, who were in the big 1919 scandal.

Baseball in general retired for the season with a satisfied feeling that followed the victory of the Washington Senators over the New York Giants in the world's series. If Washington hadn't been such a popular winner, the fans might be sitting around now asking questions about the scandal instead of recounting the great battle made by Washington.

As long as there has been no national demand or no organized efforts to have the spade dug more publicly into the case, the commissioner may get the idea that the fans aren't particularly concerned now and that their curiosity might be satisfied with a few shouted words and some wild gestures that everything is all over and that there is nothing more to be done.

If there is any such feeling among the high officials of the game it would do them good to get around the country incognito and listen to some of the comment being made about the scandal. If Landis had been a little more liberal in giving details when the case was at its hottest point, he would have reduced the territory for the gossipers and would have avoided the opportunity for so many conjectures, guesses and "putting two and two together."

On a recent trip through the middlewest, it was discovered that there is far more curiosity about the scandal than easterners might believe. There is also a general opinion that the whole story has not been told and because of a lack of details the question has risen—"What really is behind all this?"

Colleen Moore, Frank Mayo and Sidney Chaplin  
in "The Perfect Flapper"

## What Sort of Girl Do the Boys Like?

The girl of today, herself a problem, has her own problem to face: "What kind of a girl must I be to be the sort of a girl the boys want me to be?"

This is the theme of "The Perfect Flapper," Colleen Moore's new

starring vehicle, which is showing at the New Park tonight and Friday. The modern girl is thoroughly diagnosed and analyzed by Jessie Henderson, the author, John Francis Dillon, the director, and Colleen Moore, the star. The result is said to be a picture which outdistances "Flaming Youth" as an epic of the jazz age.

Scene from "PURE GRIT" Starring ROY STEWART  
A UNIVERSAL PICTURE

## Roaring Western Romance at the Lyceum Tonight

Roy Stewart, Universal Western star, got out of his automobile at Universal City one morning and limped to his dressing room. He was met by Nat Ross, then directing him in "Pure Grit."

"Morning, Roy, for what reason?" asked Ross, indicating the star's limping gait.

Stewart, playing the role of a Texas ranger, had staged a fight the day before with Jere Austin, playing an escaped convict in the picture, "Pure Grit," showing at the Lyceum tonight and Friday, and Ross, the director.

had told the men to make it real.

Both men top the six foot mark and each weighs around two hundred pounds. The hero was supposed to win and win Stewart did, but not until the encounter had almost wrecked the set and both men had given and received many hard wallops.

When Austin appeared on the lot a few minutes after Stewart arrived, it was noted that he limped in both legs. But then, he had been knocked across a table and his shins were skinned.

The picture, "Pure Grit," is an adaptation of "The Texas Ranger,"

# Y. M. C. A. RUNNERS AGAIN DEFEATED THE HIGH SCHOOL

SCORE NOW IS 89 TO 76 IN FAVOR  
OF THE Y. M. C. A.

PETERSON OF THE "Y" TAKES  
FIRST PLACE IN THE MILE  
RUN

The Y. M. C. A. runners kept their team in the lead in the series of races, by winning from the high school by the score of 60-50. This was the second race to be held between the teams. In the first race, the half-mile, the Y. M. C. A. won, 29-26. Last night the distance was one mile, twice around the park. The Y. M. C. A. now leads their opponents in the total score, 89-76.

Peterson won the first place again last night, nosing out Dillan in a thrilling sprint to the tape. Next week the teams meet in a two mile race, four times around Gregory park. The public is invited to come out and view them.

The order in which the men placed last night is as follows:

	Pts.
1st—Lester Peterson, Y.M.C.A.	20
2nd—Alfred Dillan, Y.M.C.A.	18
3rd—Stewart Gile, B.H.S.	16
4th—Harry Drake, B.H.S.	14
5th—Albert Swanson, B.H.S.	12
6th—Howard Thorkildson, Y.	10
7th—Norman Weber, Y.M.C.A.	8
8th—Albert Rathert, B.H.S.	6
9th—Gerhart Flaata, Y. M. C. A.	4
10th—Emil Meifert, B.H.S.	2

The leading point winners in the first two races are: Peterson, 30;

Dillan, 27; Swanson, 20; Drake, 18; Gile, 16.

# ILLINOIS MENTOR PREPARES ELEVEN FOR SATURDAY MIX
